CITY OF CLAYTON DONOR AND MEMORIAL RECOGNITION PROGRAM

The Donor and Memorial Recognition Program allow a person to contact the City and buy a designated item that is already in use within the City.

These items are benches, picnic table, trees, trash and or recycling receptacles, doggie mitt station.

The purchased items would be installed within the City for use in our existing Downtown, parks, and Trail system.

A plaque no larger than 3"x5" is include in the price and would be attached to or installed next to the donated item. Plaque to be engraved metal brass like; or to be dark brown with white lettering if metal plaques can not be mounted on the item or near it, this likely for trees, trash or recycling receptacles or doggie stations.

The plaque can state either the recognition of the remembrance to the person and the donor (if desired), or the donors name or business name and City location (if desired).

Final approval of the request and location would be based upon the staff determination of the need and maintenance issues.

The costs shall include the item (including tax/shipping) and installation.

Rev 3/24/17 jbrown/memorial program brochure

The following are the current items included in the program and pricing:

- <u>Victor Stanley Bench</u> [with a back]. These benches are the ones that are in The Grove public park in the Downtown. The cost of the bench with a plaque is approximately \$2,249.00.
- Victor Stanley Bench [with or without a back]. Assemblage, installation and plaque costs about \$2,249.00. These benches are the ones that are in the Downtown area. If these benches cannot be installed where there is an existing sidewalk, there would be added cost for a concrete base [approx. \$1540.00] depending on site.
- Park Picnic Table [ADA universal]. Assemblage, installation and plaque costs about \$1,595.00. These tables are in place at the Library, North Valley Park, and Downtown along the creek. Again, there must be a concrete pad available, which cost is not included in the installation cost above; generally, without special circumstances, a concrete pad costs \$730.00.
- 72" Trail Bench. Assemblage, installation and plaque costs about \$1,015.00. This style of bench exists in the Community Park. It could be installed along our Trail system or in the parks. Additional charge on location.
- 24" Box Tree [specie approved by City]. Installation and plaque costs about \$850.00. The trees could be planted anywhere on property the City owns that has adequate irrigation [except medians]. If irrigation must be installed, additional expenses are incurred.
- <u>Doggie Station</u> [dispenser unit with small trash container] assembly, installation and plaque costs about \$900. It could be installed at Lydia Lane Park, El Molino/ Marsh Creek Rd., Westwood Park, and Community Park.
- <u>Trash/Recycling Receptacle:</u> [decorative container with concrete platform] installation and plaque costs about \$1,875.00 (trash) or \$1,975.00 (recycling). It could be installed at Lydia Lane Park, El Molino/ Marsh Creek Rd., Westwood Park, Community Park, downtown. [If these cannot be installed where there is an existing sidewalk, there would be added cost for a concrete base [approx. \$1200.00] depending on site.

Date: Sept 30, 2019

Re: Landscape Maintenance District Project Updates

The Downtown Planter Box Project contract was unanimously approved for award
of construction contract at its August 20, 2019 meeting (the Aug. 20, 2019 City
Council Resolution, minutes, staff report and power point presentation for this item
are attached as information). The signed contract, bonds and insurance has been
submitted by the contractor. The City Engineer is working on the construction
schedule with the Contractor, with construction targeted to begin sometime in
October, after Oktoberfest.

- The trees on the major arterial have been inspected and are scheduled to be thinned and raised to 15 feet for City standards in November, December depending on outside contractor availability and priorities.
- Two new Rain Master DX3 irrigation controllers will be installed in the upcoming months: One on Oakhurst at Eagle Peak west and one at the corner of Oakhurst and Clayton Road. Both of these new controllers will operate with the updated oases computer program for the central irrigation system.
- Stump removal is tentatively planned to on Clayton Road this fall in preparation for replanting targeted for this fall/winter.
- The Peacock Creek Trail is planned to have some repair/ be renovated after this
 winter rains are over.

RESOLUTION NO. 39-2019

A RESOLUTION AWARDING A LOW-BID CONTRACT TO KEREX ENGINEERING, INC., IN THE AMOUNT OF \$237,420.00 FOR THE DOWNTOWN PLANTER BOX PROJECT (PROJECT #LMD 215-1) AND MAKING FINDINGS THAT THE CONTEMPLATED DOWNTOWN PLANTER BOX IMPROVEMENTS ARE CATEGORICALLY EXEMPT UNDER CEOA SECTION 15302(C),

THE CITY COUNCIL City of Clayton, California

WHEREAS, the current downtown planter boxes are in disrepair; and

WHEREAS, the repairs and improvements contemplated by this project are exempt under Section 15302(c) of the CEQA guidelines; and

WHEREAS, the City Engineer recently designed and bid the Main Street Planters Improvements Project, the City received one bid from Kerex Engineering, Inc. in the amount of \$237,420.00, and the bidder, Kerex Engineering, Inc., has been determined by the City Engineer to be a responsible bidder based on references; and

WHEREAS, there are adequate funds currently budgeted in fund 210-7520-00 to fully fund this construction contract,

NOW THEREFORE, BE IT RESOLVED that the City Council of the City of Clayton, California does hereby award a low bid contract to Kerex Engineering, Inc., in the amount of \$237,420 to construct the planter box improvements and authorizes its City Manager to execute the contract on behalf of the City.

(d) Adopted Resolution No. 39-2019 approving the award of low-bid contract to Kerex Engineering, Inc. in the amount of \$237,420.00 for the Downtown Raised Planter Box Replacement Project including irrigation and power (Project # LMD 215-1).

City Engineer Scott Alman presented the staff report and a slideshow indicating the current condition of the Downtown Raised Planter Boxes.

Following questions by the City Council, Mayor Catalano opened the item to public comment.

Ann Stanaway, 1553 Haviland Place, advised glassy-winged sharpshooters are known to live Crepe Myrtle Trees and destroy vineyards. Ms. Stanaway suggested replacing the trees with large succulents.

Keith Haydon, 1542 O'Hara, wanted to remind the public of the research that has occurred on this project and exploration of all options were also considered.

Howard Kaplan, 1194 Easley Drive, suggested a detailed review before making a decision on this item. Mr. Kaplan indicated as a Trails and Landscaping Committee member this item was not reviewed by the committee prior to consideration by the City Council.

Councilmember Wan requested clarification of the Trails and Landscaping Committee lack of involvement on this item.

Jim Gamble suggested using the bush variation of the Crepe Myrtle.

Glenn Miller, 1005 Pebble Beach Drive, inquired on the source of funding for this project.

Roy Correra requested transparency on various items such as project status, sub-committee progress report regarding the City Manager Recruitment, and high-density projects.

Mayor Catalano closed public comments.

City Manager Joe Sbranti referred the City Council to staff report noting the Landscape Maintenance District has adequate funding for this project. He further noted a complete scope of work is also available for the public to review.

Assistant to the City Manager Laura Hoffmeister noted the City Council established details of the Trails and Landscaping Committee duties. She further noted bid plans and specifications are implemented by city staff. Ms. Hoffmeister also provided history of this specific item.

It was moved by Vice Mayor Pierce, seconded by Mayor Catalano, to approve Consent Calendar Item 3(d), as submitted. (Passed; 5-0 vote).

AGENDA REPORT

TO:

HONORABLE MAYOR AND COUNCILMEMBERS

FROM:

SCOTT ALMAN. CITY ENGINEER

LYNNE FILSON, CITY TRAFFIC ENGINEER

DATE:

AUGUST 20, 2019

SUBJECT:

ADOPT A RESOLUTION APPROVING THE AWARD OF LOW-BID CONTRACT TO KEREX ENGINEERING, INC. IN THE AMOUNT OF

\$237,420.00 FOR THE DOWNTOWN RAISED PLANTER BOX

REPLACEMENT PROJECT (PROJECT # LMD 215-1).

RECOMMENDATIONS

It is recommended the City Council adopt the attached Resolution approving the award of a low-bid contract to Kerex Engineering, Inc., in the amount of \$237,420 for the downtown raised planter box replacement project (Project # LMD 215-1).

BACKGROUND

The downtown planter boxes along Main Street have been broken in many cases by the expansive roots of the street trees planted in each box. Over time, and as the trees have grown, the planter boxes have fallen into worse and worse condition with no chance to adequately repair them. In order to rectify this situation, a replacement project was developed to remove and replace broken planter boxes and in some instances enlarge the replacement box to provide additional space for the ultimate replacement tree.

DISCUSSION

Harris and Associates prepared plans, specifications and bid documents for the proposed improvements to the downtown streetscape and initiated the bid process. Bids were opened on August 8, 2019. As stated previously, the City received only one bid from Kerex Engineering, Inc., in the amount of \$237,420.

City staff discussed options for proceeding with the project since only one bid was received. Those options included: 1) rejecting the bid and re-bidding the project; 2) rejecting the bid and redesigning the project to provide additional clarity in the bid documents to attract additional bidders; or 3) award the contract and move the project forward. Ultimately, staff determined the appropriate course of action is to award the contract and proceed with the project.

Subject: Resolution	awarding low-b	id contract	for the I	Main St	treet Plan	ters Improve	ment Project	C
Page 2 of 2								

The City Engineer has reviewed the bid and the accompanying documents and checked the references listed by Kerex Engineering, Inc., and has determined that Kerex Engineering, Inc. is the lowest responsible bidder. The City Engineer has also conferred with the Interim Community Development Director to determine the appropriate CEQA finding for this project; the City Engineer and Interim Community Development Director concur that this project is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guideline Section 15302(c) – Replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity.

FISCAL IMPACT

The landscape maintenance district has adequate funding budgeted to cover the cost of this construction contract. Fund 210-7520-00 currently has an available budget balance of \$245,157.00.

DOWNTOWN PLANTER BOX REPLACEMENT

- Project initiated due to broken and deteriorating planter boxes
- Existing trees planted in boxes 20-years ago in attempt to keep tree roots from utility lines beneath sidewalks
- Trees have outgrown boxes and are either root-bound, bursting the box, and/or have grown under box and destroying adjacent sidewalk

DOWNTOWN PLANTER BOX REPLACEMENT

- Planter Boxes on both sides of Main Street between The Grove and Bocci Ball Courts
- Boxes Numbered Sequentially Beginning at Grove Park (#1) and Moving in Clockwise Rotation around Main Street Back to Moresi's (#12)
- 6 Planter Boxes Have Existing Crepe Myrtle Trees to Remain
- 6 Boxes Have Existing Chinese Pistache Trees in Question
- Planter Box facades will remain faux river rock as they currently are

OPTIONS

OPTION #1: Proceed with Project as Planned and Replace Six Trees

 OPTION #2: Modify project to only repair boxes that contain Chinese Pistache and replace the other six boxes containing Crepe Myrtle trees as originally planned.

 OPTION #3: Modify project to have certified arborist evaluate Chinese Pistache trees and determine if salvageable and what would be required to keep them safe and healthy.

OPTION #4: No-project option

OPTION #1

Proceed with Project as Planned and Replace Six Trees

BENEFITS

- Replacement trees are appropriate species and ultimate size to fit application
- All planter boxes and surrounding concrete replaced or repaired as planned. (Uniform look and result)
- Project currently budgeted for construction (funds available)

- Lose six mature trees and replace with smaller 24" box trees
- Canopy is reduced, shade from trees is reduced until replacement trees mature and fill-in

Modify project to only repair boxes that contain Chinese Pistache and replace the other six boxes containing Crepe Myrtle trees as originally planned.

BENEFITS

- Lower project cost
- No loss of existing trees

- Project will be patched together (won't look uniform nor complete)
- Trees will not be healthy long-term due to being root-bound
- Greater long-term maintenance and repair costs as boxes and surrounding concrete will continue to break

OPTION #3

 Modify project to have certified arborist evaluate Chinese Pistache trees and determine if salvageable and what would be required to keep them safe and healthy.

BENEFITS

- May save some Chinese Pistache trees
- Potential project cost savings due to fewer replacement trees

- Project delay while trees evaluated
- If Chinese Pistache Trees remain, may not be healthy long-term due to being root-bound
- Greater long-term maintenance and repair costs as boxes and surrounding concrete will continue to break

OPTION #4

No project option

BENEFITS

- Cost savings of project construction budget
- No loss of existing trees

- No improvements made. Boxes look same as always
- No investment in downtown street frontage

RECOMENDATION:

City staff recommends Option #1.

Memo

To:

Trails and Landscape Committee

From:

Chair Howard Assistant to the City Manager and Maintenance Staff

Meeting Date:

September 30, 2019

Re:

Discussion of practicability of having in downtown Clayton hanging planter/flower baskets from existing street lights and/or new poles or by other means, including such items as cost, installation, maintenance and maintenance cost.

Background:

Many members of the committee have been approached by community members who have seen hanging planter baskets in other communities and would like to see something similar in our downtown area.

Chair Kaplan had requested this item to be placed on the TLC Agenda so that the TLC could have a discussion of this topic.

Among the issues the TLC would want to cover in discussion and/or consider include:

Discussion:

- would they be on public or private property,
- who would maintain them,
- how would they be watered,
- who would pay for them,
- would they be on existing poles or require new ones, or hang from eaves on existing buildings.
- if privately sponsored, would they all be the same or would each business plant different flowers.
- how would they be protected from vandalism, while allowing for reasonable access for watering and maintenance
- other issues?
