**Subject:** Hazard Pay for Essential Workers

I think essential workers deserve hazard pay because we put our lives on the line everyday. All the other stores in the area are getting hazard pay. We have little or no protection from this pandemic, active shooters or criminals. I think you can show your appreciation for what we do by approving this mandate.

I work for Safeway in the city of Clayton. It would mean a lot to me and my fellow workers at Safeway and our family's if we get the \$5 hazard pay. We deal with customers all day even people who don't want to wear masks. I hope you all will take this into Consideration Consideration. Thank You
