

January 17, 2024

Dear Mayor, Council, Staff, and Community Members,

During the Tuesday, January 16, 2024, City Council Meeting, City Manager Bret Prebula's justification for postponing action on a downtown parking permit program was disappointing if not downright embarrassing to the people in attendance.

While a comprehensive parking study could provide useful data, implementing basic parking restrictions does not require significant resources or outside consultants. It was quite obvious that Bret has a different agenda for Clayton and all of us (including the City Council) need to wake up before it's too late.

It was very apparent by Bret's word salad and his long-winded excuse on the cost to implement a full-blown parking permit program, that his vision for Clayton is not aligned with 95% of the residents.

If you watch his video about Olivia on the city website, the last 15 seconds of it will tell you all you need to know about his vision. <https://share.repd.us/og/clayton/en/4631>. He wants more of the Olivia-type projects to come to Clayton. Whoever hired this guy needs to take action now.

Rather than delay, we need to take simple, common-sense steps now. For instance, a simple signage program with some teeth might be the answer. Additionally, increasing parking citation fees would discourage illegal parking without requiring new staff or processes. Our \$20 fee is not enough of a deterrent. A modest increase could reduce repeat violations, freeing police resources for other priorities such as patrolling downtown and other areas such as Stranahan and surrounding neighborhoods.

We cannot accept continuing to ignore an issue that will affect so many. I hope we can work together to take decisive action.

The community is counting on leadership to address challenging issues, rather than evade them. Bret, I would have assumed you had learned from your lack of action on the Olivia oversight problems, but it seems you did not.

Thank you for your time and consideration.

Gary Hood

February 6, 2024

Dear Mayor, City Council, City Manager and Staff,

Once again, city staff has failed to provide oversight of the Olivia on Marsh Creek 81-unit apartment project. Specifically, William Jordan claimed "owner-builder" status on his application to Contra Costa County and it appears he provided false information on this application. **See the attached complaint filed with Contra Costa County on 01/25/2024 by a member of Clayton Watch.**

As you know, Contra Costa County requires an owner-builder to have resided at the property for 12 months beforehand, along with meeting other prerequisites. Let's cut to the chase - we all know William Jordan falsely claimed to be an "owner-builder" on his application to the county. The lot at 6170 High Street is an empty dirt lot. Unless Mr. Jordan was living in a tent amongst the tumbleweeds, it's impossible he met the residency requirements. Lot 6450 Marsh Creek Road, as listed on his owner-builder application, has been a rental unit for many years. The adjacent lots don't pass the smell test either.

In our opinion, this sleight of hand was done purposely because he doesn't have a licensed and bonded contractor to complete the required work as of today's date.

We raised this issue with written communication to the City Manager, Bret Prebula, along with the City Council on 10/18/23, 10/23/23, and 12/18/23. We also raised the issue at a meeting on 10/18/23 with the City Manager, Bret Prebula, and the City Engineer, Larry Theis and both said they weren't concerned with how the permits were obtained and therefore took no action to investigate this or notify Contra Costa County of this serious irregularity.

It is unfortunate, that City Staff continues to abrogate their responsibilities to provide oversight of Olivia to the citizens of Clayton.

Please contact us if you have any questions or updates on rectifying this situation. The community demands and deserves better.

Sincerely,

Gary Hood  
Clayton Watch

### ALLEGED VIOLATION / NATURE OF COMPLAINT INFORMATION

Type of Violation (Check one or more boxes)      Building, Grading, Other

Address of Violation      6450 Marsh Creek Road

City      CLAYTON

DESCRIBE IN DETAIL      January 25, 2024  
THE NATURE OF

VIOLATION/COMPLAINT      Dear Contra Costa County Officials:

We write to you today regarding an urgent matter that requires your immediate attention and action.

At issue, is a residential development project named "Olivia on Marsh Creek" in Clayton, CA. This project has sparked considerable controversy and complaints from residents during the initial grading phase because of unprofessional construction standards and practices.

We implore you to review the permits granted to the

We implore you to review the permits granted to the developer, William Jordan, especially his claimed status as an owner-builder.

After a careful review of the facts, it appears Mr. Jordan does not qualify for an owner-builder exemption and has misrepresented information on his application. **We urge you to revoke his permits, issue a stop work order on the project, and impose fines on Mr. Jordan for these infractions.**

According to the California Department of Consumer Affairs (DCA) and the Contractors State License Board (CSLB), these agencies clearly define owner-builder requirements, which Mr. Jordan does not meet.

- **The property is not his primary residence, nor has he lived there for 12 months prior, which are prerequisites to filing as an owner-builder.**
- Additionally, he plans to construct more than two buildings, exceeding the legal limit for owner-builders.

According to the California Contractors State License Board (CSLB), anyone who violates the law is subject to disciplinary action by CSLB, including civil penalty assessments of up to \$5,000 per violation, an order of correction that requires payment of permit fees, and any assessed penalties imposed by the local building department, and suspension or revocation of the license.

Mr. Jordan seems to have misrepresented his qualifications on the application, which constitutes a serious violation. Your oversight on this matter is greatly needed and appreciated. Please take corrective action immediately and hold Mr. Jordan accountable.

We kindly request you send us, along with the City of Clayton, written verification once you have addressed this disturbing situation. The citizens of Clayton urge you to uphold the law.

The health and well-being of our community are at stake, so we await your swift intervention on this urgent issue.

Sincerely,

**REDACTED**

(Plus many other concerned residents.)

**Subject: Advocating for Safe Routes to School and Public Safety Improvements**

Dear Clayton City Council and city staff,

I hope this letter finds you well. As the proud principal of Mt. Diablo Elementary School, I am writing to express our urgent concern for the safety of our students and the community at large. Our school is dedicated to fostering an environment that promotes not only academic excellence but also the well-being of our students. We are in full support of safe routes to school for our children.

It has come to our attention that the intersection at Four Oaks and Mitchel Canyon Drive lacks a designated crosswalk, posing a significant safety risk to students and residents in the vicinity. I strongly advocate for the immediate installation of a crosswalk at this intersection to ensure the safe passage of pedestrians, particularly our students commuting to and from school. Parents and children will take the shortest routes to school as human nature. Let's make this path which is already being used safer for our children and communities.

Furthermore, I would like to address the need for sidewalks along Mitchell Canyon Road from Clayton Road to Pine Hollow Road. This stretch is frequently used by students walking to school, and the absence of sidewalks increases the vulnerability of pedestrians to potential accidents. Some of our students cannot access through the gravel, and the proximity to large trucks traveling to the rock-quarry is dangerous to all. Implementing sidewalks in this area is crucial for the safety and well-being of our students and the entire community.

Additionally, the sidewalks from Mount Zion Drive to Oak Street in downtown Clayton require improvement. This section is heavily used by students walking to school, and the current state of the sidewalks poses hazards that could lead to accidents. I strongly advocate for enhancements to these sidewalks to provide a secure path for our students. The railroad-ties on this sidewalk are also impossible for children with wheelchairs, difficult for strollers, and currently does not meet The Americans With Disabilities Act (ADA).

Investing in safe routes to school and improving pedestrian infrastructure is an investment in the well-being of our community. By addressing these concerns, we can significantly contribute to public safety, allow inclusion and access for all, reduce the risk of accidents, and create a secure environment for our students.

I appreciate your attention to this matter and look forward to your prompt action in implementing these crucial safety measures.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sara Harris', written over a horizontal line.

Sara Harris  
Principal

## Why this petition matters

Started by [James Sinkay](#)

My son, Brayden, is a 6-year-old student at Mount Diablo Elementary. Every day, he uses his wheelchair to get to school and access downtown Clayton. However, the current conditions on Mitchell Canyon Road do not provide safe or accessible routes for students like him. The sidewalk leading to downtown Clayton has railroad-tie steps which make it incredibly difficult for those in wheelchairs.

Moreover, children have been hit by cars while crossing the intersection of Mitchell Canyon Road and Four Oaks Lane - a terrifying reality that no parent should have to face. Our community deserves better; our children deserve safety.

We are advocating for capital improvement projects that will ensure safer routes to school and ADA compliant access across the city of Clayton. Specifically:

- 1) We need a pedestrian crossing at Four Oaks Lane and Mitchell Canyon Road.
- 2) Mitchell Canyon Road needs widening with sidewalks on both sides.
- 3) The sidewalk from Oak Street to Mt Zion Drive requires redevelopment.

These improvements are not just about convenience; they're about safety, accessibility, and dignity for all residents of our community - especially our children.

Join us in urging the City of Clayton to prioritize these capital improvement projects. Sign this petition today because every child deserves safe access to education regardless of their mobility status!
