Clayton City Council Meeting October 15, 2014

I am Linda Hudak and a resident of Clayton since 1997, I support Clayton's "Do the right thing of RESPECT, RESPONSIBILITY, KINDNESS, SELF-DISCIPLINE, INTEGRITY, AND COURAGE" with Clayton Valley High School. I believe character and words matter.

I received a flyer in the mail from ClaytonWatch.org. I found it hurtful that someone would send me this divisive flyer without any names supporting it. I concluded this flyer is hostile and its purpose is to intentionally undermine Holly Tillman's reputation, credibility and character with **random quotes and photos that are selected and do not tell the entire story.**

I went on the Clayton Watch.org website. The Home Page Headliner was "Breaking News, Top Story of the Week" and in large print, "Who is the Real Holly Tillman". There are seven handpicked videos of Councilmember Tillman, (page 1 and 2) which comes across as an attack on her. On page 3 The Title is "The Political Mailer "Featuring Holly Tillman" Has Arrived" which is revealing and states "It is time for the community to move on from Holly Tillis and free our city...". There is a headline on page 4 that reads, "The League of Women Voters of Diablo Valley are a Disgrace", continuing on page 5. On the same page there is a photo and article by Jeff Wan, Clayton City Councilmember. He writes about a plan to adopt a City flag which brings community together. Under his article it says "We appreciate you for this reading article. Please support our cause with a small donation today". Under "Popular Posts", and open "City Council Recap", there are 18 Articles by Councilman Wan and everyone finishes with 'We appreciate you for reading this article. Please support our cause with a small donation today". I located the comment section from supporters and their responses are anonymous. I will the read to you most of them (Attachment 1, 2, and 3).

Supporters of this website do not have the **courage** to acknowledge their own words.

Holly Tillman's flyer listed her accomplishments and goals which can be fact checked! Holly has an impressive list of **transparent** endorsements from U.S, Congressman, Mark DeSaunier, to County Supervisor and a member of MDUSD School Board. The flyer is not only truthful information, **it reveals professionalism, civility, integrity, self-discipline, responsible messaging, and most importantly, the respect to Diaz, Enea, and Shulman.** Holly's campaign exemplifies "Doing the Right Thing values.

Thank you for your time.

The Political Mailer "Featuring Holly Tillman" Has Arrived!

By Clayton Watch

We are pleased to announce some important news for the Clayton community. The Post Office has confirmed that the political mailer created by our consultants and supporters at Clayton Watch will soon be arriving in your mailbox.

This 6x11, double-sided postcard contains factual information supported by substantial evidence regarding Holly Tillman's actions and statements over the past three and a half years. The content you will see and read reflects her own words.

After reviewing the postcard (both front and back), [click here to see several videos featuring Holly in action.](#)

Many residents have expressed concerns about the divisions within our community, and the situation is indeed complex. However, the past actions of council members Holly Tillman and Peter Cloven are crucial to understanding the context. Peter opted not to seek reelection, fully aware that his lack of leadership and divisive behavior would come to light. The self-styled Mr. Nice Guy spent more time creating "Who I Am" videos than addressing the pressing issues facing our town.

It is time for the community to move on from Holly Tillman and free our city from her disruptive and polarizing conduct.

We must allow our city council and staff to focus on their work and let Clayton remain the safe and welcoming small town it has always been.

Warm regards,

The Clayton Watch Team

P.S. Please remember to cast your vote on or before Tuesday, November 5th.

Dear Clayton Community,

Wouldn't it be great if they would sit down and answer questions face to face. They say they represent the people of their District but never send out questionnaires asking for opinions. It is convenient to not have opinion polls when they vote to appease their party leaders or Campaign Donors.

If you go to The "CALIFORNIA DSA statewide organization of the Democratic Socialists of America" it reveals some interesting facts thru their support of candidates. (<https://www.californiadsa.org/news/2024-primary-voter-guide-cadsa>)

The D.S.A. supports Mark DeSaulnier – Congressional District 10. "He often bucks the majority of

Democrats to vote with the left on contentious issues, has cosponsored nearly a full slate of progressive initiatives..."

Question for Mark D:

How do you plan to bring this country together politically when your updates expose your hatred for the Republican Party and all the people registered Republican.

The D.S.A. supports Kamala Harris under their Instagram section "Two Socialists Takes, The Harris/Walz campaign." It states... "it will be difficult- maybe impossible-for left forces to move under a MAGA regime..." is a necessary condition to achieve any transitional socialist goals." <https://www.californiadsa.org/>

The D.S.A. supports Proposition 5, along with Tim Grayson. The D.S.A writes... "Passing Prop 5 will make it easier for California cities and counties to invest in local housing and infrastructure by lowering the voting requirements to raise property taxes and by publicly funding new housing."

Questions for Tim Grayson:

1. How does increasing property tax lower housing costs and rents?
2. Why did you support Scott Wieners S.B.9 (ending single-family-home-only zoning, April 9, 2024 just ruled unconstitutional?) People in Contra Costa County, which you represent, overwhelmingly support the space Single Family Home zoning provides. It appears you did not represent your constituents in favor of appeasing Scott Wiener.
3. Why should we elect you to the California Senate since your votes completely spent a \$37 Billion surplus and created a \$79 Billion deficit (Numbers approximate depending on source)? This means you voted to overspend approximately \$116 Billion too much!
4. You stated publically the original \$.50 /gallon additional gas tax would go for our infrastructure and roads. The bill dedicated the money to our roads and could not be taken away unless there was an emergency. Does that explain why you overspent to create a financial emergency?
5. C.A.R.B. (California Air Resources Board) has stated that they will raise gas prices \$.50/gallon next year and every year after to aid in clean air efforts. Californian's already pay more than \$1.00/gallon than the national average for gas, and even more for diesel. Almost everything is shipped into California and transported by engines using fossil fuel which has raised the cost of food significantly in California, not to mention everything else we buy.
6. Our Governor - Gavin Newsome - just had The Taxpayer Protection and Government Accountability Act Proposition removed from the ballot so voters will not have the opportunity to vote on it. The Wall Street Journal headlines read "Democracy Dies in California." This is truly an assault on Democracy for a Politician to have "a people sponsored and qualified initiative removed from the ballot."

HOW DOES TIM GRAYSON PLAN ON PROTECTING CALIFORNIANS FROM THE STATE OF CALIFORNIA'S ASSAULT ON OUR QUALITY OF LIFE BY TAKING MORE AND MORE OF OUR INCOME?

Unfortunately, there are many questions, and no answers from our Representatives!

Only higher prices for everything!

Thanks for reading,

A Concerned Clayton Resident

Dear Clayton Community;

The League of Women Voters of Diablo Valley should be embarrassed. The candidates form was a complete fiasco and a joke. The moderator had no clue what he was doing and wasted time worrying about who would answer the question first.

The two questions that really teed me off were the one about the gay parade, and the other one about how the city council could help with the poor economic conditions affecting all of us.

Both questions were inappropriate and should've never been asked. In addition, listening to Holly Tillman boast about all her endorsements was sickening. Let's not forget this is a non-partisan election for a town of 11,000 people. Why in the hell would she need to get all these endorsements, it makes no sense.

Thanks allowing me to post this article.

A Clayton Resident that was in Attendance

City Council Meeting Summary 10-1-24

By **Jeff Wan, Clayton City Councilmember**

On Tuesday the Council met and discussed one significant item:

- We discussed the process for adopting a City flag. Most cities in Contra Costa County have their own flag. We had received a presentation from an officer of the North American Vexillological Association (an organization of flag enthusiasts and scholars) which described the process and purpose of adopting a City flag, as well as some considerations regarding certain aspects of flag design.

The Council generally felt that adopting a City flag could be an exercise that brings community together and we will consider taking up the item at a future time.

- There were also two items from the consent calendar that we pulled for further discussion. A contracting extension for some staff augmentation, as well as an agreement with our current investment broker to update our relationship to a managed service. The Council requested more information and a presentation brought back so the full Council and community could understand this proposed change. Attention

Candidate Statements (Updated 9-7-24)

Learn where candidates stand on important local issues before the election so you can make an informed decision.

Political candidates can say some outrageous things. Sometimes, those things are even lies, like in the 2020 and 2022 election ...

This election cycle, the team at Clayton Watch will listen closely to verify statements made by candidates, and draws precise lines between fact, misleading information, and sometimes pure fiction.

The term of three of our current council members, **Jim Diaz**, **Holly Tillman**, and **Peter Cloven** are set to expire this year.

All three incumbents pulled papers to run again, but Peter Cloven failed to turn his papers by the required deadline and has stated publicly that he has decided not to run for professional and personal reasons.

Other notable names such as **Rich Enea, Sr.**, and **Maria Shulman** have entered the race, rounding off the field to four candidates running for three open spots on the council.

On August 21, 2024, all the candidates were sent the following email from Clayton Watch congratulating them and inviting them to share their candidate statement with our members and loyal followers.

August 21, 2024

Jim Diaz, Holly Tillman, Rich Enea, Sr., and Maria Shulman,

Congratulations city council candidates. We appreciate your commitment to invest your time and energy to tackle the important issues facing our little town.

Because it is very difficult to get your message out to voters in Clayton, the Clayton Watch Team would like to help by allowing us to promote your candidacy on our website. As you know, Clayton Watch is averaging 1,200 views a day and growing.

Therefore, please send us a copy of the campaign statement you submitted to the county as part of your nomination packet and we will post it on our website. Send your response to ClaytonWatch94517@gmail.com

It's time for Cloven and Tillman to leave their council member roles, vote them out. They performed poorly, did not look out for best interests of our lovely Town. They are troublesome, devisive, lack the skills-knowledge for the council member role.

Peter Cloven is an architect in his professional life. He is also the architect of the single most divisive action ever done by a City Council. 4 years ago, he was the architect of passing over Vice Mayor Wan. He ran the idea past former Council Member Carl Wolfe, and his recently elected friend Holly Tillman and they decided to have Carl Wolfe cut in line and become mayor and Cloven became Vice Mayor his very first year in office and acted like this was an incredibly popular decision. No wonder protestors showed up to his house! His whole time in office was more about him passing judgement on anyone who didn't agree with him. This isn't a loss to the City of Clayton, it's an absolute gain. Peter Cloven isn't about doing the right thing, he's all about thinking he is better than all of us. He has NEVER admitted to doing anything wrong. But it looks like he decided not to run because EVERYTHING he did wrong was going to be exposed over and over again. It's a good day for Clayton today!

Holly should do the right thing and back out of the election. She is a closet racist and her actions toward this town have shown that, the only thing is her ego won't allow her to bow out gracefully.

Holly's trustworthiness is in doubt due to financial ties with Amy Hines-Shaikh of Wild Cat Consulting, which were not disclosed in her reports from her last campaign. Public scrutiny led to Holly retracting support for Amy's second term, casting doubt on Holly's integrity and honesty.

THE TWO FACES OF HOLLY TILLMAN

Community Assessment of Holly's Performance over 3.5 years

In 2020, she pushed a false budget deficit to **SUPPORT A NEW \$400.00 PER HOUSEHOLD ANNUAL PARCEL TAX.**

She **VOTED FOR** a \$30,000 taxpayer-funded survey to tell us what we already knew - **NONE OF US WANT NEW TAXES - This survey was a waste of time and money!**

She **supported a false budget deficit narrative** and a **1% SALES TAX INCREASE** all the while saying "**she did not have time**" to review the city's budget.

She's been **too busy the last two years to review and approve the city's budget - THE MOST IMPORTANT ISSUE FACING THE CITY.** What could have been more important to the citizens of this community than that?

She **continues to push the false narrative that our city is going broke**, yet we have over \$7 million in reserves and she referenced us as "hoarders" while **PUSHING A SALES TAX**

She's an Advocate for High-density Housing

She **VOTED FOR** a **one-year extension for the Olivia on Marsh Creek project**, which residents of this city are overwhelming against.

She **FAILED TO ENFORCE the "Conditions of Approval"** on the Olivia on Marsh Creek project **when over 19 violations were reported** and substantiated by the community.
