STAFF REPORT

TO: **HONORABLE MAYOR AND COUNCIL MEMBERS**

FROM: **Larry Theis, City Engineer**

DATE: **June 20, 2023**

SUBJECT: **Adopt an Ordinance Amending Section 10.20 of the Clayton Municipal Code, Entitled "Speed Limits"**

RECOMMENDATION

Adopt an Ordinance amending Section 10.20 of the Clayton Municipal Code, Entitled "Speed Limits".

DISCUSSION

On June 6, 2023, the City Council waived first reading and introduced an Ordinance amending Clayton Municipal Code Chapter 10.20 entitled "Speed Limits." At that meeting, the City Council introduced the Ordinance with the following revisions:

1. Remove the phrase "...including but not limited to…" under Section 10.20.010 Twenty-five (25) Miles Per Hour such that the speed limit is specific to only the streets included in the municipal code. Any additional streets would require another ordinance to further amend the municipal code;
2. Replace "CVC" with "California Vehicle Code" for clarity; and
3. For continuity, include the footnote that is already included in the existing municipal code at the end of Section 10.20 as follows: "[1]State law reference(s)—For statutory provisions authorizing cities to set decreased speed limits on city streets, see Vehicle Code § 22358."

All of the revisions have been made to the attached Ordinance. The City Council may now adopt the Ordinance.

FISCAL IMPACT

There are no direct financial costs or savings associated with the Ordinance.

SUBJECT: **Approval of a Resolution Ordering the Levy and Collection of Special Taxes and Setting Forth the Special Tax Amount for Community Facilities District (CFD) 2007-1 (Citywide Landscape Maintenance Tax) on the Fiscal Year 2023/24 Special Tax Roll**

RECOMMENDATION

Adoption of a Resolution ordering the levy and collection of special taxes and setting forth the special tax amount for Community Facilities District (CFD) No. 2007-1 (Citywide Landscape Maintenance Tax) on the Fiscal Year 2023/24 Special Tax Roll.

BACKGROUND

In June 2007 the electorate voted 82.94% approval to establish a special tax, known as Measure B, for the care and maintenance of citywide public landscaping. Measure B was established for a 10-year period (through 2017) for the citywide public landscape district known as Community Facilities District (CFD) 2007-1. Measure B was set to expire in June 2017. This is the only source of funds for the maintenance and operation of the CFD. In June 2016 the voters approved Measure H (77.1%), a continuation of this sole funding special parcel tax with the same rate methodology for another ten years - from FY 2017/18 through 2026/27. This action constitutes the fifth levy under the 2016 voter approved extension.

The tax pays for costs related to expenses for public roadway, trail and open space landscape maintenance, and the Clayton Fountain at the corner of Oakhurst Blvd. and Clayton Rd. These areas have a combined 2 million square feet of landscaping and irrigation, 515 acres of open space, 2,871 street trees, and 27 miles of public trails. City parks are not maintained by this special tax but through the General Fund (except for The Grove downtown park which has its own separate special maintenance district funding source).

From 1999-2016 the City employed only five permanent maintenance employees who spend approximately 60% of their time on tasks in the CFD. Necessity has required maintenance crews to spend more work hours maintaining District assets as landscaping matures, irrigation systems break, and vandalism or vehicle accidents cause damage to trees and shrubs. Additional costs have come due to rate increases in metered irrigation water, electricity increases which run the irrigation controllers and pumps to the fountain; professional services for open space weed abatement and tree trimming. In FY 2016/17 one additional field maintenance position was added which is dedicated solely to tasks of the CFD.

The collection of the tax is done by the County, and property owners' payments for this District first occurred in November/December 2007. Established in the voter approved tax is an ability to increase the special tax by the CPI with a maximum of 3% annually.

Pursuant to the terms of voter-approved Measure H, the special parcel tax rate may be modified annually by the change in the CPI from April to April. However, in no event shall the tax rate be increased by more than 3.0% each year. The CPI change (from April 2022 to April 2023) posted at 4.2%. It is recommended and included in the proposed levy rates to apply an annual increase of 3.0%, as stipulated in the ballot measure. This CPI adjustment was also reflected in the presentation of the City FY 2023/24 Budget at its June 20, 2023 meeting, and is included in the budget documents for Council adoption on June 20, 2023.

This results in an increase to CFD special parcel tax revenues of $36,199.84 over the prior year's adopted budget. The capped CPI growth adjustment will result in an increase of $8.48 per residential parcel over the prior year rate (last year's single-family rate was $282.70; including the CPI adjustment factor, the new single-family parcel rate will be $291.18). With the proposed levy, the CFD will have sufficient revenue and fund balances to address various operational and capital needs.

FISCAL IMPACT

For Fiscal Year 2023/24 the levy amount is $291.18 per residential parcel, or per non-residential acre or fraction thereof. STAFF REPORT

TO: **HONORABLE MAYOR AND COUNCILMEMBERS**

FROM: **Bret Prebula, City Manager**

DATE: **June 20, 2023**

SUBJECT: **Approval of Resolution ordering the levy and collection of special taxes and setting forth the special tax amount for Community Facilities District (CFD) 2006-1 (Downtown "The Grove" Operation and Maintenance) on the Fiscal Year 2023/24 Special Tax Roll**

RECOMMENDATION

Adoption of Resolution No. ##-2023 ordering the levy and collection of special taxes and setting forth the special tax amount for Community Facilities District (CFD) 2006-1 (Downtown "The Grove" Park Operation and Maintenance) on the Fiscal Year 2023/24 Special Tax Roll.

BACKGROUND

In November 2006 the electorate voted 68.19% approval to establish a special tax, known as Measure O, for the care and maintenance of a Downtown Park, now known as "The Grove" Park. Measure O was established for a 10-year period (through 2017). In November 2014 the voters approved Measure P (81.25%), an extension of the tax with the same rate methodology for 20 years – from FY 2017/18 through 2036/37. This action represents the fifth levy under this voter approved extension.

This special tax serves as the only funding source for The Grove. To levy the tax the City placed a ballot measure on the November 2014 consolidated election to extend the current time frame and received more than two-thirds approval rate required to enact the tax.

The tax is for annual expenses related to costs of the operation, maintenance, repair and replacement landscaping, irrigation, hardscape, lights, public restroom, gazebo, playground, water, electricity, etc. of "The Grove" Park. Other City parks are not maintained by this special tax but through the General Fund.

The collection of the tax is done by the County, and property owners' payments first payment occurred in November/December 2007. "The Grove" Park was opened to public use in January 2008.

Pursuant to the terms of voter-approved Measure P, the special parcel tax rate may be increased annually by the change in the CPI from April to April. However, in no event shall

the tax rate be increased by more than 3.0% each year. Given the CPI change (from April 2022 to April 2023) posted at 4.2%., the 3% CPI adjustment was also reflected in the workshop presentation of the City FY 2023/24 Budget at its June 20, 2023 meeting, and will be included in the budget for Council adoption on June 20, 2023. It is recommended and included in the proposed levy rates to apply an annual CPI increase of 3.0%.

FISCAL IMPACT

For Fiscal Year 2023/24 the levy amount proposed is $24.24 per residential parcel (an increase of 70 cents from last year rate of $23.54). The non-residential parcels for FY2023/24 are to be levied as follows: Downtown Core, $327.11 per ¼ acre or fraction thereof (an increase of $9.53); Other Commercial, $143.41 per ¼ acre or fraction thereof (an increase of $4.18); Recreation Open Space, $71.69 per ¼ acre or fraction thereof (an increase of $2.08); Multifamily Residential, $75.35 per ¼ acre or fraction thereof (an increase of $2.20).

For FY2023/24 there are approximately 4,126 parcels that are subject to the special tax; of these 4,064 are residential and approximately 62 are non-residential. The total amount of revenue estimated to be received from this tax for FY 2023/24 is $153,002.70 (an increase of $4,431.89 over FY 2022/23). These tax revenues are placed into a Special Revenue Fund (No. 211) through which all eligible expenses are tracked, paid, and audited. Allowable expenses include only that for the purposes of the Downtown Park Operation and Maintenance District such as materials, supplies, equipment, utilities, labor, and administration.

CONCLUSION

The City Council, by Ordinance 401, pursuant to Section 53340 of the Government Code of the State of California, has authorized the levy of a special tax to pay for costs and expenses related to Community Facilities District 2006-1. This Resolution authorizes the Contra Costa County Auditor to place the taxes on the next property tax roll for the FY 2023/24.

STAFF REPORT

TO: **HONORABLE MAYOR AND COUNCILMEMBERS**

FROM: **Bret Prebula, City Manager**

DATE: **June 20, 2023**

SUBJECT: **Cancellation of August 1, 2023 City Council meeting**

RECOMMENDATION

It is recommended the City Council, by minute motion, cancel its regular public meeting scheduled to be held on Tuesday, August 1, 2023.

BACKGROUND

Clayton Municipal Code Section 2.04.010 specifies the regular public meetings of the Clayton City Council shall be held on the first and third Tuesdays of each and every month.

SUGGESTED CANCELLATION OF August 1, 2023 MEETING

As of this writing there are no critical items that would need to be heard at the August 1, 2023 meeting.

To provide optimum notice of meeting cancellation to interested members of the public and to our community as well as to arrange scheduling of agenda matters for the August 15th City Council meeting, the matter has been placed on this Agenda for advance notice, consideration, and action.

FISCAL IMPACT

There is no adverse financial impact to the City for cancellation of City Council meetings. Nominal savings occur for expenses incurred in the preparation, publication, and holding of a Council meeting (e.g. staff time, paper and copying expenses, meeting room utilities, video-taping of the meetings for livestreaming and cable television re-broadcast).

DATE: **June 20, 2023**

SUBJECT: **Approve by Minute Order: 1) Amendment to the Professional Services Agreement with Precision Civil Engineering for Preparation of Pre-Reviewed Accessory Dwelling Unit (ADU) Plans and an ADU Guidebook, to Extend the Term of the Agreement to December 31, 2023 and Increase the Amount Paid for Services to $65,000; and 2) Appropriation of an Additional $10,500 in Reimbursable Funds from the Senate Bill 2 Planning Grants Program to the Project**

RECOMMENDATION

It is recommended that the City Council approve by minute order the attached amendment extending the term of the professional services agreement with Precision Civil Engineering (PCE) for their consulting services to prepare pre-reviewed ADU plans and an ADU guidebook for residents interested in building an ADU in Clayton. The amendment would increase the not-to-exceed amount for services from $54,500 to $$65,000, to cover additional design costs, and it would extend the term of the professional services agreement to December 31, 2023. Staff also recommends that the Council approve by minute order the appropriation of an additional $10,500 in reimbursable funds from the Senate Bill 2 Planning Grants Program related to the amendment.

BACKGROUND

On December 17, 2019, the City Council adopted Resolution No. 50-2019 authorizing City staff to submit an application for funding through the Senate Bill (SB) 2 Planning Grants Program (PGP) implemented by the California Department of Housing and Development (HCD). The scope of the planning efforts to which the grant funds were to be applied included revision of the City's ADU ordinance to align with state law, and creation of pre-reviewed architectural plans for ADUs. The intent of the program was to streamline the permitting process for construction of ADUs by eliminating the time and cost a property owner would have to spend on preparation and plan check of individual plans for a new ADU on a residential property.

On March 1, 2022, the Council adopted Resolution No. 18-2022 approving a professional services agreement with PCE for PCE to provide up to six unique ADU floor plans, each with three unique elevations, and a guidebook with narrative instructions for property owners interested in building an ADU on their properties in Clayton. The not-to-exceed cost specified in the agreement was $54,500, and the work was projected to be completed within roughly eight months in alignment with funding and reimbursement deadlines of the SB2 PGP grant program.

DISCUSSION

To date, PCE has prepared a draft guidebook for ADU construction, and they have completed their work supporting City staff in drafting the ADU ordinance update, which the Council adopted on April 4, 2023. The attached amendment to the professional services agreement with PCE would increase the not-to-exceed amount of the agreement from $54,500 to $65,000 and extend its term through the end of this calendar year to cover additional costs and time necessary for finalization of the pre-reviewed ADU plans.

PCE has designed each of the six ADU plans and their respective elevations, in accordance with the scope of the agreement. The additional budget is being requested to address necessary revisions to the plans to address changes to the California Building Code that became effective on January 1, 2023. PCE created a pre-reviewed ADU plan program for the City of Oakley that the Oakley City Council adopted in October 2021. Four of the plans scoped for Clayton's ADU plan program are taken from the Oakley's ADU plan program and were designed and plan checked under the prior building code. The two additional plans to be added for Clayton's program were also designed last year under the prior building code.

Plans for one of the ADU models went through check in the Contra Costa County Building Department (the City's contracted plan check, permitting and inspections office) in March/April this year. PCE is incorporating the comments that staff received from the plan check of the first ADU plan across the complete set of six plans, and all six plans will be resubmitted to the County for plan check in July. PCE has requested an increase in the not-to-exceed amount from $54,500 to $65,000 to update all six plans to comply with current building code.

Additionally, on December 2, 2022, HCD approved an extension on the term of the City's SB2 PGP grant through December 31, 2023. Staff recommends that the term of the contract with PCE be extended through the end of the calendar year to align with the current term of the grant program deadline, though it is anticipated that the remaining work authorized under the contract will be completed by fall of this year.

FISCAL IMPACTS

The contract costs for PCE's work are eligible expenses under the SB2 PGP. SB2 PGP is a reimbursable grant, meaning that the City must expend the funds and submit documentation for reimbursement from HCD. Thus, there could be a delay of six or more months where the City must front the full cost of the contract as amended, while waiting for reimbursement.

The SB 2 PGP does not require a local financial commitment or "match" from the local jurisdiction.

ENVIRONMENTAL

The scope of PCE's work to support creation of a pre-reviewed ADU plan program is exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines section 15262 (Feasibility and Planning Studies). Upon implementation of the pre-reviewed ADU plan program, future construction of ADUs would be exempt from CEQA under CEQA Guidelines section 15303, Class 3, New Construction or Conversion of Small Structures.

SUBJECT: **Consider Adoption of Resolution Updating the City's Annual Sewer Service Charges**

RECOMMENDATION

Open the public hearing, receive public testimony, close the public hearing, determine if there is a majority protest, and if there is not a majority protest, adopt the above referenced Resolution.

BACKGROUND

City of Concord Staff and Bartle Wells Associates met with the Infrastructure and Franchise Committee in March 2023. After consideration of materials, public comment and discussion with staff, the Committee proposed an annual revenue increase of 6% per year for the next four years. In April, notices of proposed sewer service charges were mailed pursuant to Article XIII-D, Section 6 of the California Constitution (Proposition 218).

The City of Concord administers a Sewer Enterprise to provide for maintenance, repair, and operation of the sanitary sewer collection systems in the cities of Concord and Clayton, and some unincorporated county properties. The Sewer Enterprise contracts with the Central Contra Costa Sanitary District (CCCSD) to provide wastewater treatment and disposal of both cities' sewage at CCCSD's treatment plant by paying a proportionate share of the maintenance, operation, and capital improvement costs at the treatment plant, and at the Household Hazardous Waste Facility. Currently, that share is approximately 31.2%.

In FY 2022-23, the City of Concord budgeted $5.2 million for collection system capital. BWA's financial projections are designed to gradually phase in $20 million of City collection system project cash funding each year by FY 2031-32. This size of capital improvements is estimated to be necessary given the total estimated replacement cost of the City's collection system is approximately $1 billion, and the useful life on the collection system is estimated to be 50 to 60 years.

In 2022, staff initiated a rate study to evaluate the City's operational and maintenance needs and necessary rate increases to allow for a sustainable Sewer Enterprise program. BWA drafted a Sewer Rate Study ("Study" or "Sewer Rate Study"), dated May 2023, which provided a cost of service analysis that determined the sewer service charges necessary to fund the City's sewer system (attached as Exhibit A to Attachment 1). The Study concluded that existing sewer rates will not produce sufficient revenue to fund the revenue requirements in future years. The conclusions of the report included the need to increase annual sewer revenues to maintain solvency and long-term financial health of the sewer fund and the need to increase the investment in the repair and replacement of the collection system. Exhibit B to Attachment 1 ((Amendment to Master Fee Schedule (Exhibit A to Resolution 78-6042 Establishing Fees and Charges for Various Municipal Services in the City of Concord), referred as the "Updated Annual Sewer Service Charges") reflects the proposed updated rates.

DISCUSSION

Based upon the committee's recommendations, the City's 10-Year Sewer Enterprise Financial Forecast (Forecast) includes scheduled rate increases every year to fund additional anticipated requirements for operations, maintenance, and capital improvements for both Concord and Clayton sewer facilities and CCCSD. The Budget currently proposes annual rate increases of 6% per year for Fiscal Years 2023-24 through 2026-27 (for which Council is being asked to consider and act on).

The proposed rate increases for the next four fiscal years are requested for the following reasons:

- Cover rate increases by CCCSD to the City of Concord
- Maintain the system reserve funds
- Allow for needed capital improvements
- Properly staff the maintenance operations team

As mentioned earlier in this report, the City pays CCCSD for 31.2% of both the treatment plant operations and the treatment plant capital improvements based on the City's volume of sewer waste processed at the plant. CCCSD updated their financial model for cost of services using financial assumptions that include capital investment in infrastructure and operating and maintenance expenses. The proposed rates are calculated to include costs identified in CCCSD"s updated financial model.

The proposed Resolution sets forth annual sewer service charges based upon the proposed rates calculated in the Study. Adoption of the proposed Resolution would increase the current service charge of $717 to $760 for FY 2023-24, $806 for FY 2024-25, $854 for FY 2025-26, and to $905 for FY 2026-27. The proposed increase was expressed in a Proposition 218 notification that was mailed to all property owners in the Cities of Concord and Clayton, whose properties benefit from the sewer collection system. The proposed increase represents a 6% increase per year over the next four years. The other sewer service charges will also increase as detailed in the Study and set forth in the proposed Resolution.

FISCAL IMPACTS

To pay for the obligations discussed above and maintain a positive Sewer Enterprise fund balance, the annual sewer service charges need to be increased by 6% per year for Fiscal Years 2023-24 through 2026-27. Further periodic increases in the annual sewer service charge will be necessary in the future to continue operations and capital improvements for sewer service while maintaining a positive fund balance in the Sewer Enterprise fund.

WHEREAS, the sewer service charges are equitable to all customer classes; and

WHEREAS, the amount of the sewer service charges will not exceed the proportional

Notice to Property Owners of a Proposed Four-Year Increase in the Annual Sewer Service Charge

Notice to Clayton Property Owners

The City of Clayton owns its sanitary sewer system, but has always contracted with the City of Concord for operation and maintenance of the system, including the calculation of operation and maintenance fees. Central San then treats Concord and Clayton's sewage.

The City of Concord is proposing an increase to the fees that property owners pay for sewer service. The fee is proposed to increase each year over the next four years. Since your property is connected to Clayton's sanitary sewer system, this increase will affect you.

Sewer Service Charge

The current annual Sewer Service Charge for residential properties is $717 per year which is insufficient to cover the increasing operational costs of conveying and treating sewage. Your sewage is collected by the City of Concord and treated by Central San. New regulations and aging infrastructure are driving up operational costs. Therefore, the Sewer Service Charge for residential properties is proposed to increase to: $760 for Fiscal Year (FY) 2023/24; $806 for FY 2024/25; $854 for FY 2025/26; and $905 for FY 2026/27.

Commercial rates are proposed to increase as well but are based upon water usage and may vary from these amounts.

The amount of the fee is calculated by the City of Concord to fairly apportion applicable costs amongst sewer users according to the cost of providing service to that user; a detailed rate study was prepared to calculate the proposed charges.

New rates will commence on July 1 of each year.

Services Covered by the Sewer Service Charge

Most of the Sewer Fund's expenses are attributed to the daily treatment of Concord and Clayton's sewage at the Central Contra Costa Sanitary District's (Central San) treatment plant. The costs include the maintenance, operation, and capital improvements at the treatment plant; and a proportional share (based upon population), of the cost to operate the Household Hazardous Waste Facility (HHWF). 72% of the amount you pay for sewer services goes to Central San for these items.

The remaining expenses include the cost of operating the city's sanitary sewer system, routine maintenance, replacement and repair, and emergency reserves.

The Sewer Service Charge is collected annually via your property taxes. It appears in the "Special Taxes & Assessments" portion of the Property Tax Bill as either "Concord Res Sewer," "Clayton Res Sewer," "Concord Com Sewer" or "Clayton Com Sewer." system.

www.claytonca.gov

Reasons for the Proposed Increase

It is necessary to increase the Sewer Service Charge due to several factors:

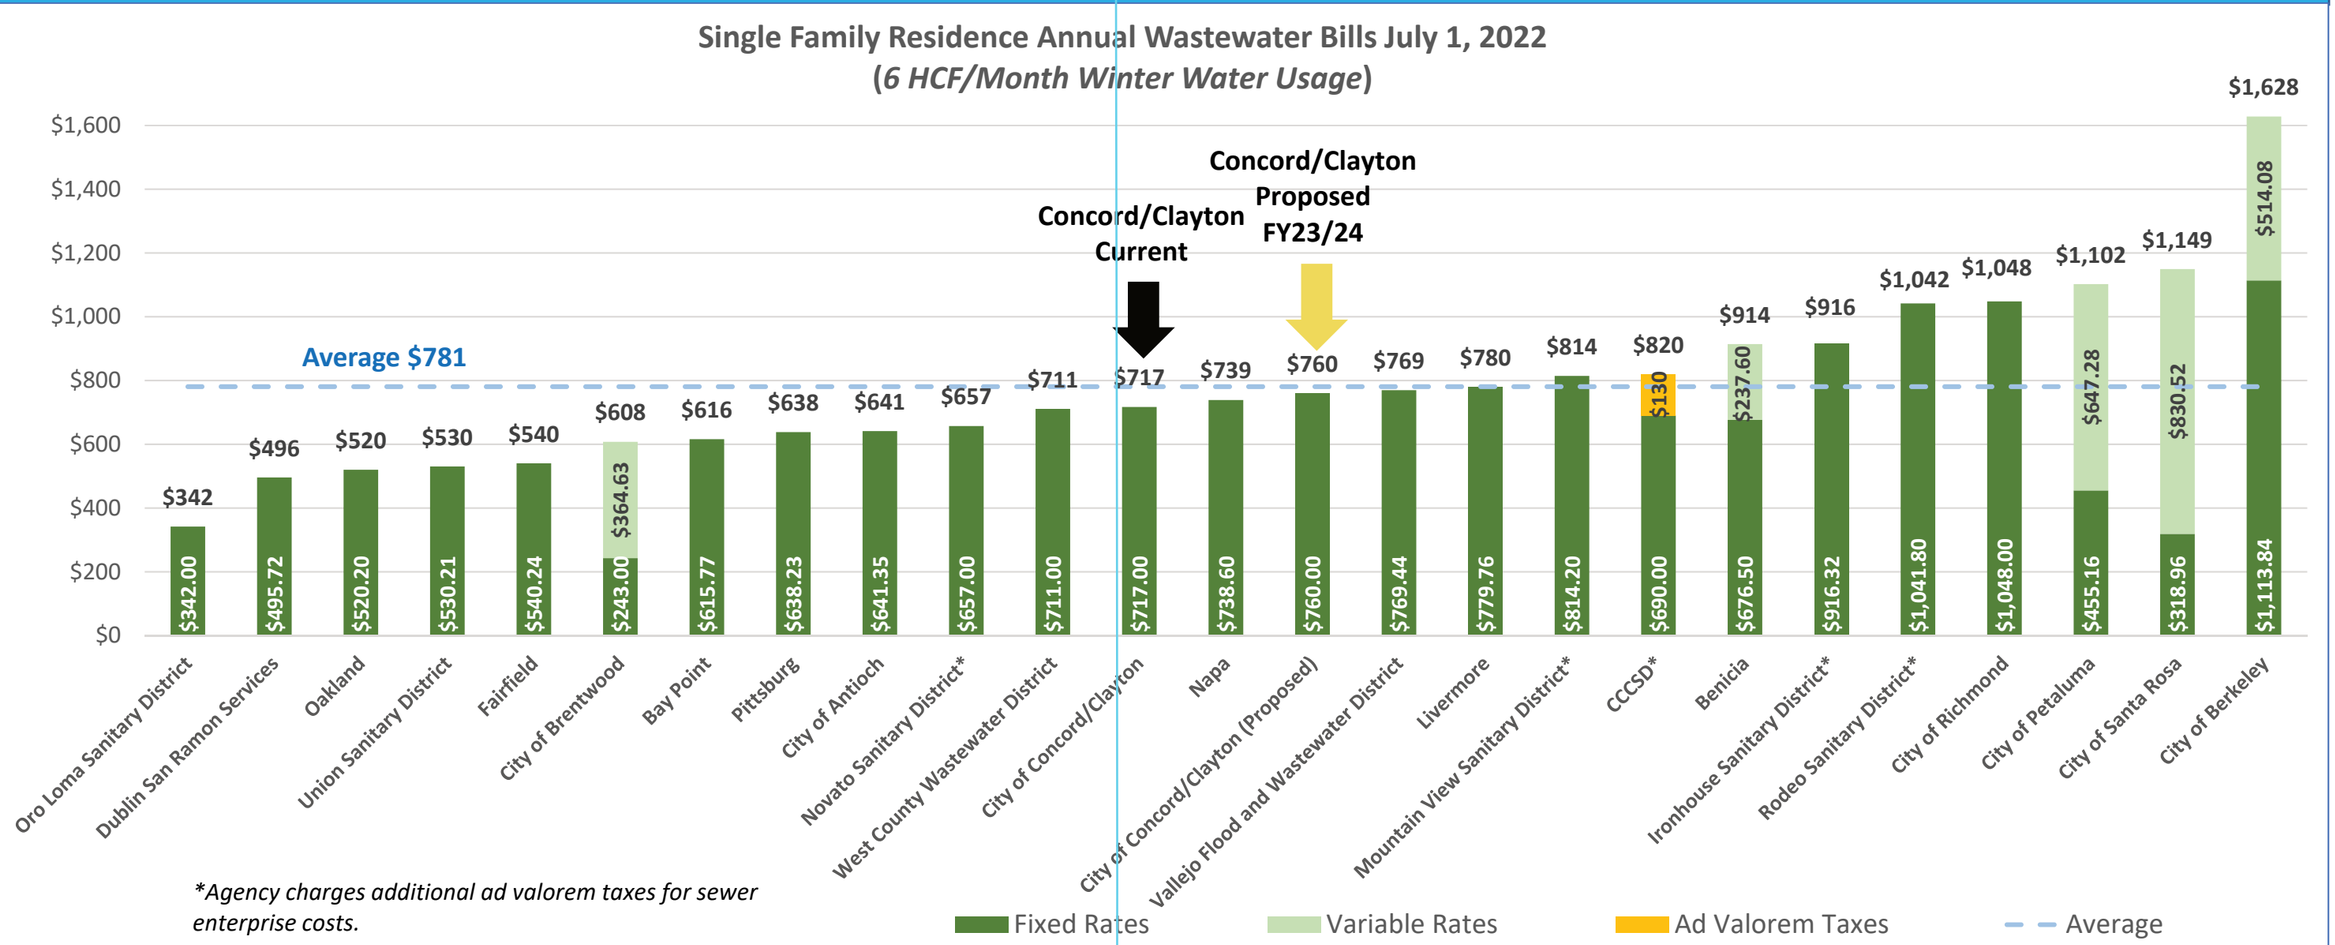

- Central San is completing upgrades to its treatment plant, of which the Sewer Fund must pay its proportional share. The upgrades are necessary to comply with regulations and are increasing your rates.
- Central San's cost to treat sewage is increasing. There are several items related to this, such as chemicals, energy (electricity and natural gas), labor and disposal. The proportional share of these costs is passed onto the City of Concord by Central San.
- The cost to operate the Household Hazardous Waste Facility (a State mandated requirement).
- Portions of the sanitary sewer system are reaching the end of their useful life and need to be replaced. The City of Concord is planning several rehabilitation projects over the next four years, including structural repairs and capacity upgrades of the sanitary sewer system.
- The Sewer Reserve Fund needs to be increased so that money is available in the event of an emergency, such as a catastrophic sewer line failure.

Subject: **Considering adoption of resolution updating the City's Annual Sewer Service Charges and amending the Master Fee Schedule (Exhibit A to Resolution No. 78-6042 Establishing Fees and Charges for Various Municipal Services in the City of Concord).**

CEQA: Exempt/not a project per Public Resources Code Section 21065, 14 Cal Code Reg. Sections 15060(c)(2), 15060(c)(3), 15273, 15378 and/or 15061(b)(3).

Report in Brief

Increases in projected expenditures necessitate an increase in the City's annual sewer service charges. Increases in the sewer service charges require a Proposition 218 notification[1] and are subject to a majority protest process. Proposition 218 notification of Public Hearing was mailed to all customers and property owners.

The City recently engaged the services of Bartle Wells Associates (BWA), a consulting firm that specializes in sewer rate studies. BWA conducted a full evaluation of the City's sewer rates and developed recommendations for consideration. Staff and the Infrastructure and Franchise Committee (Obringer & Hoffmeister) recommend that the City Council open the public hearing, receive public testimony, and upon determination that no majority protest exists, adopt a Resolution increasing the minimum annual sewer

service charge from $717 to $760 for FY 2023-24, $806 for FY 2024-25, $854 for FY 2025-26, and to $905 for FY 2026-27 (Attachment 1). All other sewer service charges will also be increased as shown in Attachment 1.

Recommended Action
Open the public hearing, receive public testimony, close the public hearing, determine if there is a majority protest, and if there is not a majority protest, adopt the above referenced Resolution.

Background
Staff and Bartle Wells Associates met with the Infrastructure and Franchise Committee in March 2023. After consideration of materials, public comment and discussion with staff, the Committee proposed an annual rate revenue increase of 6% per year for the next four years. In April, notices of proposed sewer service charges were mailed pursuant to Article XIII-D, Section 6 of the California Constitution (Proposition 218).

The City administers a Sewer Enterprise to provide for maintenance, repair, and operation of the sanitary sewer collection systems in the cities of Concord and Clayton, and some unincorporated county properties. The Sewer Enterprise contracts with the Central Contra Costa Sanitary District (CCCSD) to provide wastewater treatment and disposal of both cities' sewage at CCCSD's treatment plant by paying a proportionate share of the maintenance, operation, and capital improvement costs at the treatment plant, and at the Household Hazardous Waste Facility. Currently, that share is approximately 31.2%.

In FY 2022-23, the City budgeted $5.2 million for collection system capital. BWA's financial projections are designed to gradually phase in $20 million of City collection system project cash funding each year by FY 2031-32. This size of capital improvements is estimated to be necessary given the total estimated replacement cost of the City's collection system is approximately $1 billion, and the useful life on the collection system is estimated to be 50 to 60 years.

In 2022, staff initiated a rate study to evaluate the City's operational and maintenance needs and necessary rate increases to allow for a sustainable Sewer Enterprise program. BWA drafted a Sewer Rate Study ("Study" or "Sewer Rate Study"), dated May 2023, which provided a cost of service analysis that determined the sewer service charges necessary to fund the City's sewer system (attached as Exhibit A to Attachment 1). The Study concluded that existing sewer rates will not produce sufficient revenue to fund the revenue requirements in future years. The conclusions of the report included the need to increase annual sewer revenues to maintain solvency and long-term financial health of the sewer fund and the need to increase the investment in the repair and replacement of the collection system. Exhibit B to Attachment 1 ((Amendment to Master Fee Schedule (Exhibit A to Resolution 78-6042 Establishing Fees and Charges

for Various Municipal Services in the City of Concord), referred as the “Updated Annual Sewer Service Charges”) reflects the proposed updated rates.

Analysis
BWA conducted a comprehensive financial analysis of the City's Sewer Enterprise, including a review of the current rate structure and an assessment of the costs associated with maintaining and operating the system. The analysis also included projected cost increases for the City's collection system operations (including new personnel, please see Attachment 2 which the Council will consider adding when it adopts the City’s Operating Budget on June 13, 2023), capital improvement program costs, estimated treatment plant operation cost increases, and the projected capital improvement program for CCCSD’s wastewater treatment plant.

Based upon the committee’s recommendations, the City’s 10-Year Sewer Enterprise Financial Forecast (Forecast) includes scheduled rate increases every year to fund additional anticipated requirements for operations, maintenance, and capital improvements for both Concord and Clayton sewer facilities and CCCSD. The Budget currently proposes annual rate increases of 6% per year for Fiscal Years 2023-24 through 2026-27 (for which Council is being asked to consider and act on).

The proposed rate increases for the next four fiscal years are requested for the following reasons:

- Cover rate increases by CCCSD to the City of Concord
- Maintain the system reserve funds
- Allow for needed capital improvements
- Properly staff the maintenance operations team

As mentioned earlier in this report, the City pays CCCSD for 31.2% of both the treatment plant operations and the treatment plant capital improvements based on the City’s volume of sewer waste processed at the plant. CCCSD updated their financial model for cost of services using financial assumptions that include capital investment in infrastructure and operating and maintenance expenses. The proposed rates are calculated to include costs identified in CCCSD”s updated financial model.

The proposed Resolution sets forth annual sewer service charges based upon the proposed rates calculated in the Study. Adoption of the proposed Resolution would increase the current service charge of $717 to $760 for FY 2023-24, $806 for FY 2024-25, $854 for FY 2025-26, and to $905 for FY 2026-27. The proposed increase was expressed in a Proposition 218 notification that was mailed to all property owners in the Cities of Concord and Clayton, whose properties benefit from the sewer collection system. The proposed increase represents a 6% increase per year over the next four

years. The other sewer service charges will also increase as detailed in the Study and set forth in the proposed Resolution.

Many local agencies within the Bay Area are proposing sewer service rate increases. As referenced in Attachment 3, many agencies already equal or exceed Concord's proposed FY 2023-24 minimum service charge. Currently, the City's annual sewer service charge is in the lower tier of rates in neighboring communities and would remain so after the proposed FY 2023-24 increase.

Alternatives
The City Council can choose not to approve a rate increase at this time. With this option, the sewer fund balance will need to cover expenses, and by FY 2027-28 there will not be a reserve available to cover the expenditures of future years.

Financial Impact
To pay for the obligations discussed above and maintain a positive Sewer Enterprise fund balance, the annual sewer service charges need to be increased by 6% per year for Fiscal Years 2023-24 through 2026-27. Further periodic increases in the annual sewer service charge will be necessary in the future to continue operations and capital improvements for sewer service while maintaining a positive fund balance in the Sewer Enterprise fund.

Public Contact
In addition to posting the City Council Agenda, Proposition 218 requires that the City notify by mail all property owners of record for parcels that would be subject to a potential increase in the annual sewer service charge. Notices were mailed to all record owners of parcels subject to the sewer service charges and to users of the sewer system within the City of Concord and portions of Contra Costa County on April 21, 2023 (Attachment 4). The mailing of the notices was completed by Prestige Printing and Graphics and a description of the process that was followed is included in Attachment 5. The sewer service charge increase is subject to a majority protest process. Notices were mailed to all users of the sewer system within the City of Concord and portions of Contra Costa County on April 21, 2023. A separate notice was mailed to property owners in the City of Clayton, and a separate public hearing will be held in Clayton by the Clayton City Council on June 20, 2023. The notices advised property owners of the Council public hearing date and stated that all written protests must be received by the City Clerk prior to the closing of this public hearing. The notices indicated that the City Council would be considering approval of a maximum increase to $760 for FY 2023-24, to $806 for FY 2024-25, to $854 in FY 2025-26 and to $905 in FY 2026-27. As of the writing of this report, nine (9) written protests have been received by the City Clerk. Staff will update the City Council at the public hearing as to the total number of written protests received.

Environmental Determination
Pursuant to the California Environmental Quality Act of 1970, Public Resources Code §21000, et seq., as amended and implementing State CEQA Guidelines, Title 14, Chapter 3 of the California Code of Regulations (collectively, "CEQA"), increasing the minimum annual sewer service charge and other corresponding charges does not constitute a "project" within the meaning of Public Resources Code Section 21065, 14 Cal Code Reg. Section 15060(c)(2), 15060(c)(3), 15273, or 15378 because it relates to fees and charges, and/or has no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. In addition, this activity is categorically exempt pursuant to Section 15061(b)(3), "Review for Exemptions" of the CEQA Guidelines because there is no possibility that this activity may have a significant effect on the environment, and no further environmental review is required. No unusual circumstances are present. This determination reflects the City's independent judgment and analysis.

RE: Concord Sewer Rate Study

Bartle Wells Associates is pleased to submit the attached Sewer Rate Study. The study develops long-term financial projections and calculates new sewer rates designed to equitably recover the costs of providing service. The recommended rates are designed to meet the City's operational and capital funding needs, comply with legal requirements, and be fair to all customers.

The proposed rates incorporate both overall rate increases needed to maintain the sewer enterprise's financial stability and meet future funding needs. Rate increases are phased in over four years, with consistent annual increases.

We enjoyed working with the City on this assignment and appreciate the ongoing assistance and input received throughout the project. Please contact us anytime if you have questions about the recommendations in this report or other related issues.

1. Executive Summary

Purpose

The City of Concord ("City") retained Bartle Wells Associates ("BWA") to develop a financial plan and cost of service study for the City's sewer rates to ensure financial stability over the next four years (FY 2023/24 to FY 2026/27). The City last completed a rate study and Proposition 218 process in 2019 resulting in approved minimum rate increases from FY 2019/20 to FY 2022/23. The final increase was implemented July 1, 2022, resulting in the City reaching the end of the 4-year rate increase plan. The minimum annual sewer service charge increased from $592 to $717, however the implemented rates were below the maximum approved sewer service charges ($772 in FY 2022/23).

The City administers a Sewer Enterprise to provide for maintenance, repair, and operation of the sanitary sewer collection systems in the cities of Concord and Clayton, and some unincorporated county properties. The Sewer Enterprise contracts with the Central Contra Costa Sanitary District (CCCSD) to provide wastewater treatment and disposal of both cities' sewage at CCCSD's treatment plant by paying a proportionate share of the maintenance, operation, and capital improvement costs at the treatment plant, and at the Household Hazardous Waste Facility. Currently, Concord's share of CCCSD operating costs is approximately 31.2%.

Concord is projecting cost increases over the next eight years related to its share of the operating and maintenance and capital costs of Central San's Treatment Plant ("WWTP") and the ongoing operation and rehabilitation of its own sewer collection system.

Legal Authority

The statutory authority for levying sewer rates is included in Health and Safety Code section 5471 which states: "…any entity shall have power, by an ordinance or resolution approved by a two-thirds vote of the members of the legislative body thereof, to prescribe, revise and collect, fees, tolls, rates, rentals, or other charges for services and facilities furnished by it, either within or without its territorial limits, in connection with its water, sanitation, storm drainage, or sewerage system."

(California Health and Safety Code 5471)

Proposition 218

Proposition 218, the "Right to Vote on Taxes Act", was approved by California voters in November 1996 and is codified as Articles XIIIC and XIIID of the California Constitution. Proposition 218 establishes requirements for imposing any new or increasing any existing property-related fees and charges.

The City must follow the procedural requirements of Proposition 218 for all sewer rate increases. These requirements include:

1. **Noticing Requirement:** The City must mail a notice of the proposed rate increases to all affected property owners. The notice must specify the amount of the fee, the basis upon which it was calculated, the reason for the fee, and the date/time/location of a public rate hearing at which the proposed rates will be considered/adopted.
2. **Public Hearing:** The City must hold a public hearing prior to adopting the proposed rate increases. The hearing must be held not less than 45 days after the required notices are mailed.
3. **Rate Increases Subject to Majority Protest:** At the public hearing, the proposed rate increases are subject to majority protest. If more than 50% of affected property owners submit written protests against the proposed rate increases, the increases cannot be adopted.

Proposition 218 also established several substantive requirements that apply to sewer rates and charges, including:

1. **Cost of Service:** Revenues derived from the fee or charge cannot exceed the funds required to provide the service. In essence, fees cannot exceed the "cost of service." Agencies are allowed to carry a prudent level of reserves and to save cash for future projects or emergencies.
2. **Intended Purpose:** Revenues derived from the fee or charge can only be used for the purpose for which the fee was imposed.
3. **Proportional Cost Recovery**: The amount of the fee or charge levied on any customer shall not exceed the proportional cost of service attributable to that customer.
4. **Availability of Service**: No fee or charge may be imposed for a service unless that service is used by, or immediately available to, the owner of the property.
5. **General Government Services:** No fee or charge may be imposed for general governmental services where the service is available to the public at large.

Charges for water, sewer, and refuse collection are exempt from additional voting requirements of Proposition 218, provided the charges do not exceed the cost of providing service and are adopted pursuant to procedural requirements of Proposition 218.

2. Current Sewer Rates

Table 1 shows a summary of the current and historical City of Concord annual sewer rates. The City's last rate increase went into effect July 1, 2022. Residential customers are billed a flat rate per equivalent dwelling unit (EDU), while nonresidential customers are charged based on annualized winter water usage, per hundred cubic feet (hcf), subject to a minimum charge. Industrial customers pay based on their actual flow and loadings, however there are currently no industrial customers charged in Concord. The charges are placed on the tax roll.

3. Sewer Financial Plan

In Table 2, BWA developed an 8-year financial plan for the City's sewer enterprise designed to fund operating and capital needs, maintain adequate fund reserves, and meet debt service coverage requirements. The financial plan serves as a roadmap for funding operating and capital programs and maintaining long-term financial health and determines the revenue requirement for the sewer rates.

Cash Fund Reserves

Figure 1 shows the SP Global 2021 U.S. Municipal Water and Sewer Sector Medians. 180 days of unrestricted cash reserves is a recommended minimum target to ensure adequate liquidity in case of unexpected expenditures. Sewer utilities typically carry between 90 days and 2 years of cash on hand. Concord's wastewater utility cash on hand ranks in the middle of the ratings scale (348 days as of July 1, 2022).

Figure 1 – SP Global 2021 U.S. Municipal Water and Sewer Sector Medians

**SP Global 2021 U.S. Municipal Water And Sewer Sector Medians*

Table 2 shows the Sewer Enterprise Financial Projections from FY 2023/24 to 2030/31. BWA projects that rate increases of 6% per year are required each year for the next 4 years (FY 2023/24 to FY 2026/27) to meet the City's sewer expenses. Ongoing 6% increases in the next four-year rate period are estimated to be required. These rate increases will align the credit rating of the Sewer Enterprise fund balance of AA in Year 1 and AA in Year 4.

The financial projections are designed to meet a minimum operating reserve target of 180 days to ensure adequate liquidity in case of emergencies. The City is projected to meet a strong operating reserve amount of at least 400 days throughout the projection period. These financial targets are based on industry standard metrics to obtain a good credit rating. While the sewer enterprise financial projection does not anticipate additional borrowings at the current time, the sewer enterprise may need to do so in the future.

Outstanding Debt Service

The City's outstanding debt is attributed to its 2012 and 2018 wastewater revenue refunding bonds.

2012 Wastewater Revenue Refunding Bonds

- Refunded the City of Concord Certificates of Participation (2004 Wastewater System Improvement Project).
- 2004 Issuance was for $12,605,000.
- 15 separate wastewater system capital improvement projects were funded by the 2004 COP.
- Funded four phases of trunk sewer rehabilitation with three priority levels.

2018 Wastewater Revenue Refunding Bonds

- Refunded the City of Concord Certificates of Participation (2007 Wastewater System Improvement Project).
- 2007 issuance was for $12,820,000.
- 2007 issuance funded the next phase of the Trunk Sewer Rehabilitation Project, initially financed from the 2004 Certificates.
- Installation of approximately 1,455 linear feet of 48-inch and 72-inch pipelines from the Concord Pump Station to a proposed A-Line Relief Interceptor pipeline constructed by CCCSD.

Capital Improvement Program

BWA's financial projections are designed to gradually phase in $20 MM of City collection system project cash funding each year by FY 2031/32. This size of capital improvements is estimated to be necessary given the total estimated replacement cost of the City's collection system is approximately $1 billion, and the useful life on the collection system is estimated to be 50 to 60 years. The City faces substantial capital improvements from CCCSD, which were inputted from CCCSD projections.

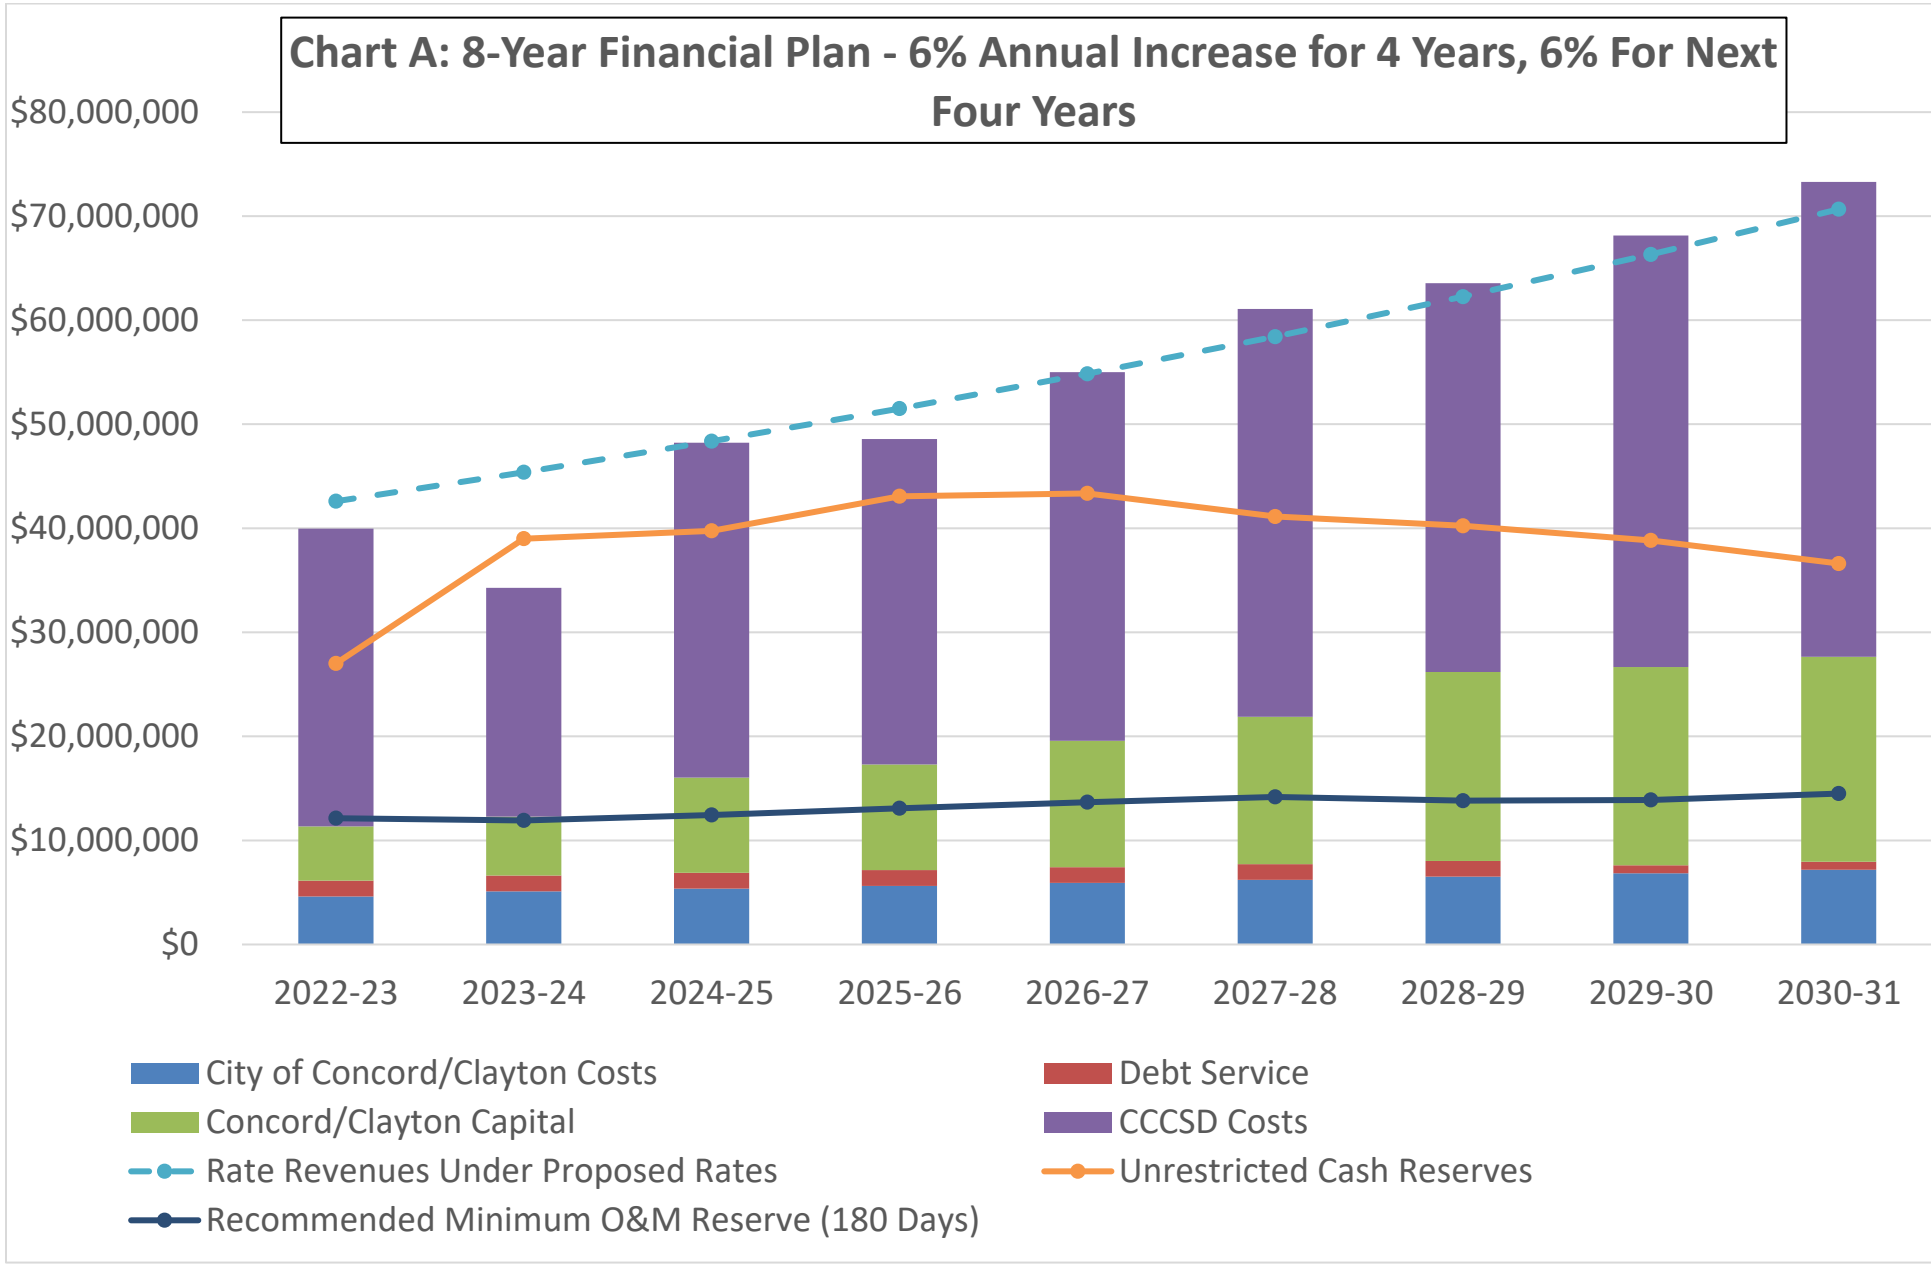

Operating Expenses

City operating costs are projected to increase by 5% per year based on estimated cost inflation. The City operating expenses include the addition of four new personnel. The new personnel include Lead Collection System Workers and Collection System Workers classification. CCCSD Sewer Operations and Household Hazard Waste were inputted from CCCSD projections.

4. Wastewater Strength Factors

Table 3 shows the derivation of the wastewater strength factors. Based on a detailed review of sewer enterprise costs, system costs are allocated 58% to flow, 21% to biological oxygen demand (BOD) and 21% total suspended solids (TSS). BWA uses this formula to calculate the strength factors for each customer class based on their estimated wastewater strength characteristics in milligrams per liter (mg/l).

Strength Class Examples:	**Residential**	**High Strength**	**Low Strength**	**Medium Strength**
Flow (gpd)	**205**	**205**	**205**	**205**

Strength Factor	**1.00**	**1.76**	**0.89**	**1.00**
Strength Factor Formula	SF=(Flow(gpd)/205)*(0.58+(0.21*BOD(mg/l)/185)+(0.21*TSS(mg/l)/210))

1 "BOD" stands for Biochemical Oxygen Demand
2 "TSS" stands for Total Suspended Solids

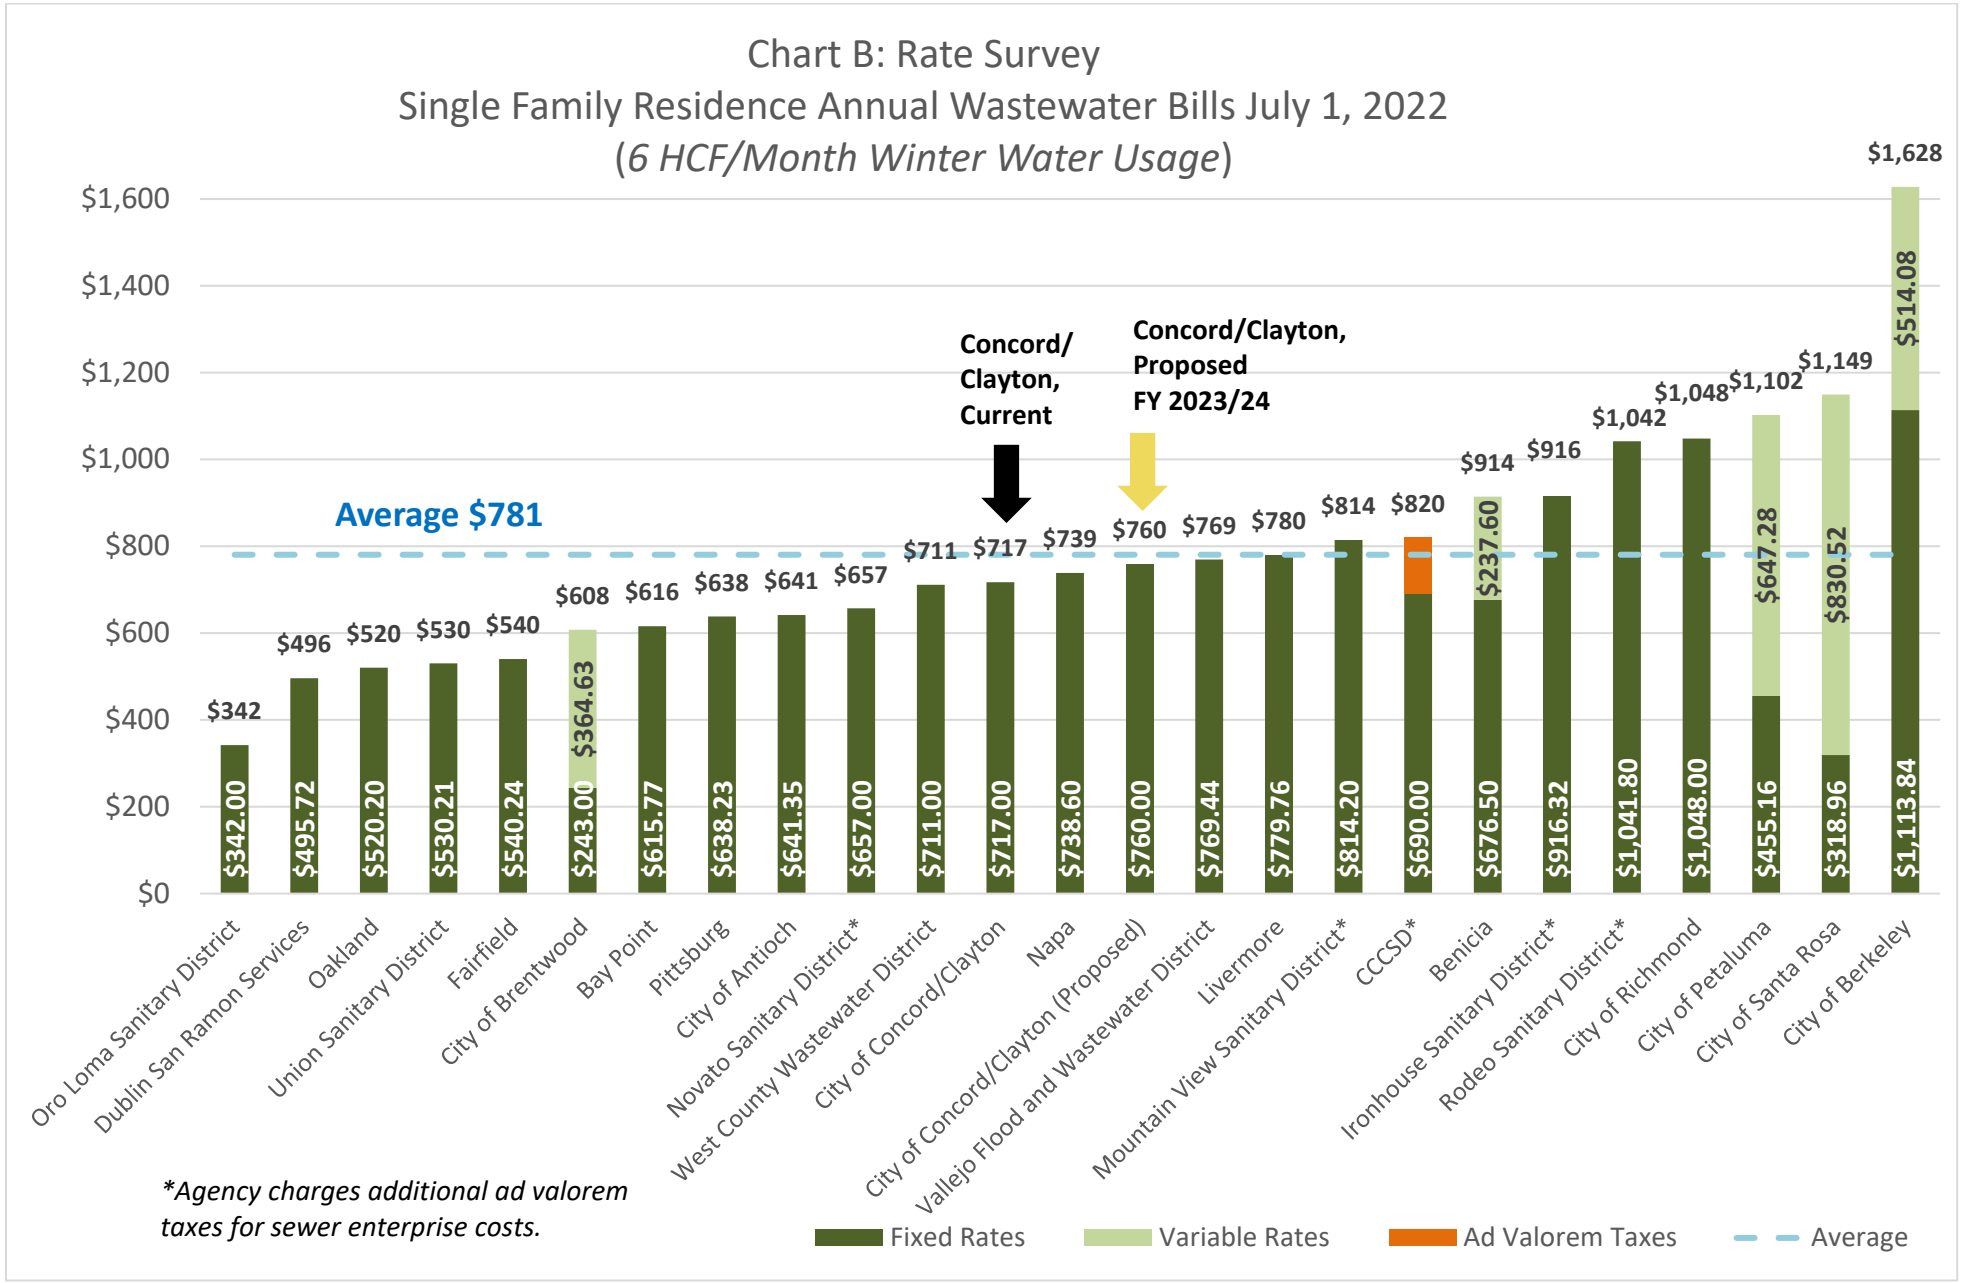

5. Proposed Sewer Rates

Table 4 shows a summary of BWA's proposed rates from FY 2023/24 to 2026/27. BWA recalculated the rates for FY 2022/23 based on the wastewater strength factors from Table 3, which resulted in minor changes to the rates. The proposed rates were then escalated by 6% per year to meet the sewer enterprise revenue requirements.

Subject: **Addition of two Lead Collection System Workers (LCSMW) and two Collection System Workers (CSMW)**

Report in Brief

Public Works is requesting to increase capability and coverage of the sewer maintenance program by adding four positions to form two additional crews. Adding these positions will increase productivity and decrease the amount of deferred maintenance in the sewer maintenance program.

Background

The City of Concord currently provides sanitary sewer service to residents and businesses in both Concord and Clayton that lie within the sewer collection area. The sewer collection system includes more than 39,000 service connections 7,895 manholes, approximately 377 miles of 6-inch to 54-inch diameter collector and trunk sewer mains. Concord manages the sewer maintenance program with 9 front line staff and 1 Supervisor.

To meet the operational requirements of the sewer maintenance program and proper equipment operation crews are dispatched to work locations with a minimum staff level of two. This minimum staff level does not allow for flexible staffing of the work plan assignments when faced with un-planned events like service emergencies, on-the-job injury, or sickness. Unplanned events cause delays in the maintenance program and, adds inefficiency in work planning, and creates a maintenance back log. Adding additional staff to the sewer maintenance program will allow for sufficient staff levels and efficient completion of work plan assignments during unplanned events

Analysis
Proposed is the creation of four positions in the Sewer group of the infrastructure Division. The four additional positions will be responsible for the following:

- Lead CSMW and CSMW to perform sewer maintenance cleaning for our Annual Maintenance Program
- Perform special maintenance programs weekly, bi weekly, monthly, quarterly and/or semi-annually
- Operate camera system and collect data for our CCTV and Manhole Inspections Program per the NASSCO structural rating requirement
- Perform repairs as identified in the CCTV and Manhole Inspections Program
- Plan and prioritize cleanings based on schedule
- Assist with emergency service calls when special maintenance crew have multiple calls
- Other duties as assigned

Summary of Specific Metrics:

Operation	Goal	Current Performance	Goal (additional personel)	Notes
Cleaning Collection Segments	4,992	2,048	4,165	Increase cleaning frequency, avoid crews pulled off of cleaning to respond to service calls.
CCTV Line Inspections	1,470	277	1,470	Additional staff will add to program consistency
Manhole Inspections	5,880	0	Once every 2 years	Last performed 2019, Additional staff will stand-up the program

Detail of Specific Metrics

Cleaning
Based on collection system characteristics, we should be cleaning:
- 4,992 segments per year
- Each segment cleaned every two years

Currently Cleaning: (Crews are receiving service calls and being pulled off normal maintenance work)
- 2,048 Segments per year
- Each segment cleaned once every four years.

An additional crew uninterrupted by service calls will average 17 segments per day. (2 People)
- 4,165 additional segments per year.

- Each segment cleaned once every 1.5 years.

CCTV
Based on collection system characteristics we should be inspecting:
- 1,470 Segment per year.
- Each segment inspected once every 8 years.

Currently Inspecting:
- 277 segment per year.
- Each segment inspected once every 29 years.

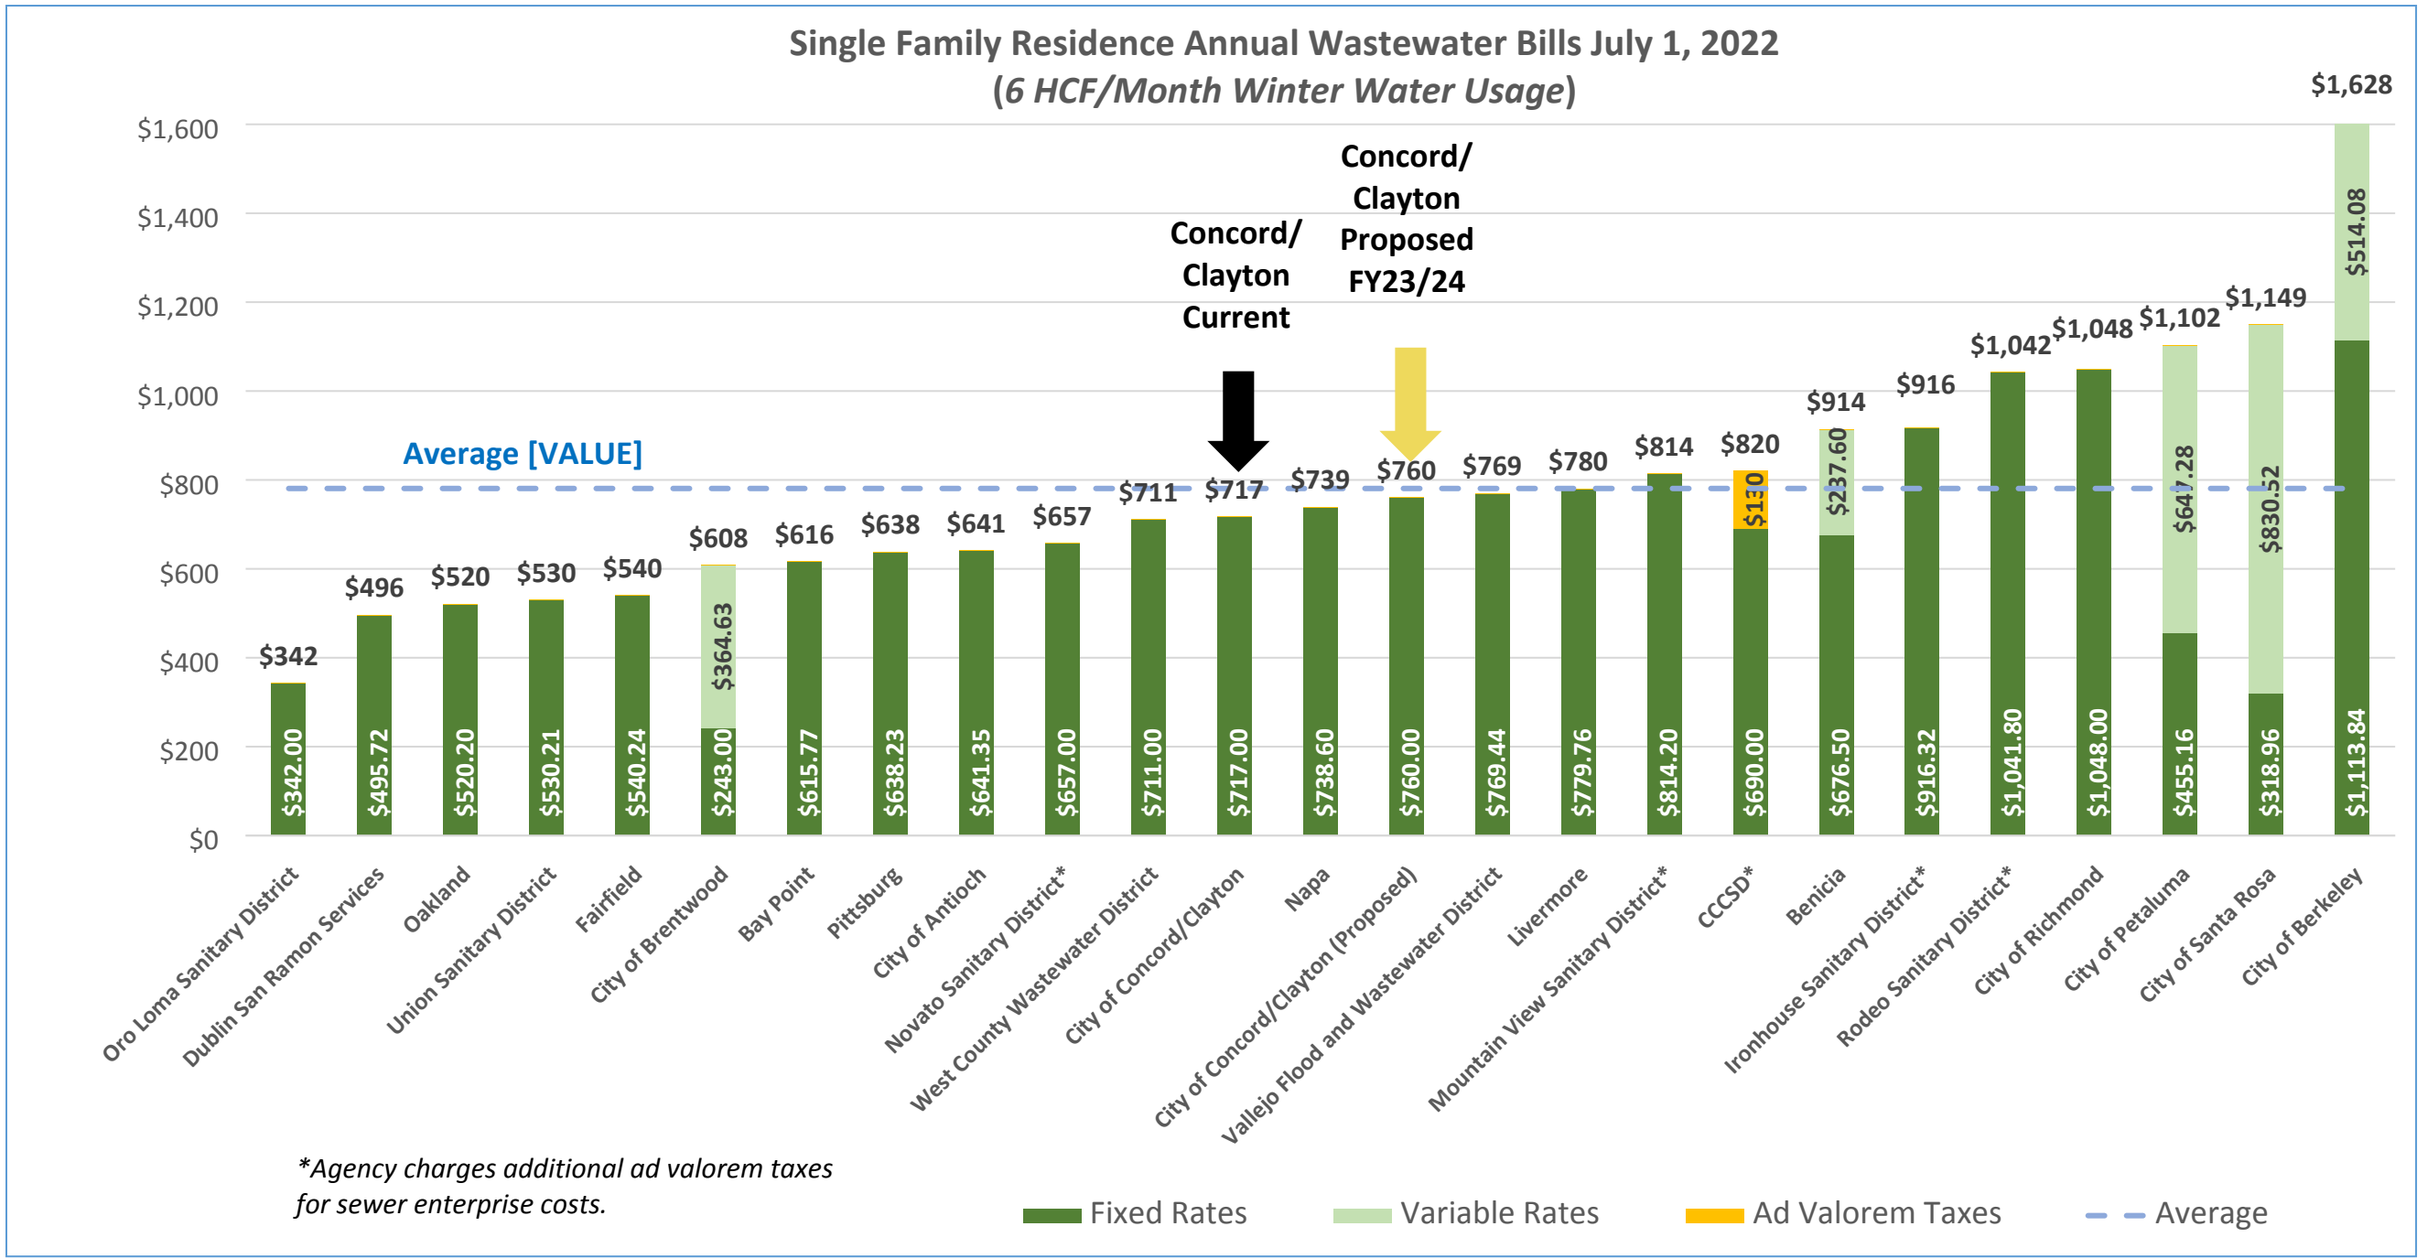

An additional crew member will keep this program running more consistently. (1 Person)
- Reach base goal of 1,470 segments.
- Each segment inspected once every 8 years.

Manhole Inspections:
Based on collection system characteristics we should be inspecting:
- 5,880 Manholes per year.
- Each manhole inspected once every 2 years.

Currently Inspecting:
- 0 Manholes per year.

An additional crew member will get this program running. (1 Person)

Financial Impact
Additional funding for these four positions is included in the current sewer service rate study. If approved the additional funding will be accounted for in the sewer enterprise budget.

Sewer Service Charge

The current annual Sewer Service Charge for residential properties is $717 per year which is insufficient to cover the increasing operational costs of conveying and treating sewage. Your sewage is collected by the City of Concord and treated by Central San. New regulations and aging infrastructure are driving up operational costs. Therefore, the Sewer Service Charge for residential properties is proposed to increase to: $760 for Fiscal Year (FY) 2023/24; $806 for FY 2024/25; $854 for FY 2025/26; and $905 for FY 2026/27.

Commercial rates are proposed to increase as well but are based upon water usage and may vary from these amounts.

The amount of the fee is calculated by the City to fairly apportion applicable costs amongst sewer users according to the cost of providing service to that user; a detailed rate study was prepared to calculate the proposed charges.

New rates will commence on July 1 of each year.

Services Covered by the Sewer Service Charge

Most of the Sewer Fund's expenses are attributed to the daily treatment of Concord's sewage at the Central Contra Costa Sanitary District's (Central San) treatment plant. The costs include the maintenance, operation, and capital improvements at the treatment plant; and a proportional share (based upon population), of the cost to operate the Household Hazardous Waste Facility (HHWF). 72% of the amount you pay for sewer services goes to Central San for these items.

The remaining expenses include the cost of operating the city's sanitary sewer system, routine maintenance, replacement and repair, and emergency reserves.

The Sewer Service Charge is collected annually via your property taxes. It appears in the "Special Taxes & Assessments" portion of the Property Tax Bill as either "Concord Res Sewer," "Clayton Res Sewer," "Concord Com Sewer" or "Clayton Com Sewer." system.

www.cityofconcord.org

Reasons for the Proposed Increase

It is necessary to increase the Sewer Service Charge due to several factors:

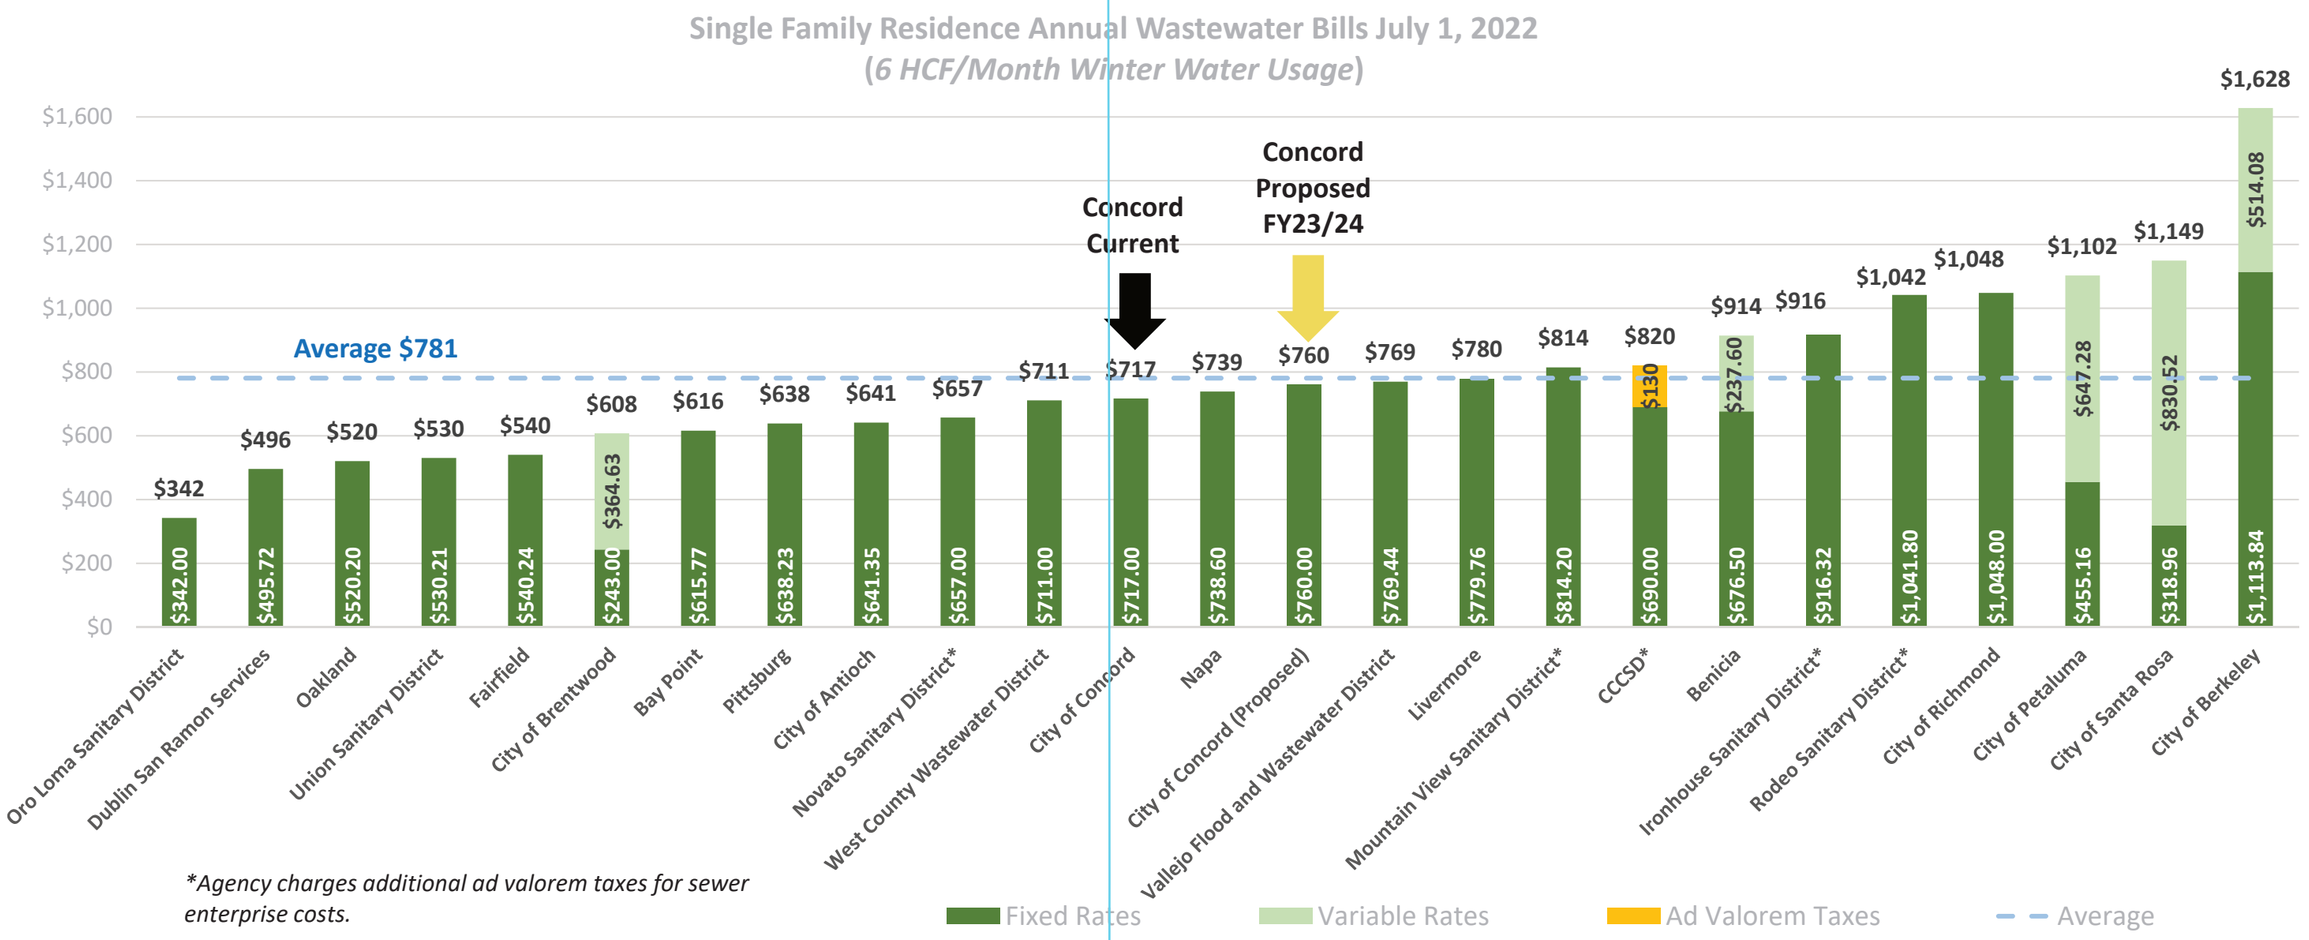

- Central San is completing upgrades to its treatment plant, of which the Sewer Fund must pay its proportional share. The upgrades are necessary to comply with regulations and are increasing your rates.
- Central San's cost to treat sewage is increasing. There are several items related to this, such as chemicals, energy (electricity and natural gas), labor and disposal. The proportional share of these costs is passed onto the City of Concord by Central San.
- The cost to operate the Household Hazardous Waste Facility (a State mandated requirement).
- Portions of the sanitary sewer system are reaching the end of their useful life and need to be replaced. The City is planning several rehabilitation projects over the next four years, including structural repairs and capacity upgrades of the sanitary sewer system.
- The Sewer Reserve Fund needs to be increased so that money is available in the event of an emergency, such as a catastrophic sewer line failure.

Notice of Public Hearing in Concord

NOTICE IS HEREBY GIVEN, that the City Council of the City of Concord will hold a PUBLIC HEARING on this matter in the Council Chamber, 1950 Parkside Drive, on Tuesday, June 6, 2023, at 6:30 p.m. (or as soon thereafter as the matter can be heard), at which time and place interested persons may appear and be heard. Written protests on the proposed increase in the annual sewer service charge may be mailed or delivered to the City Clerk at 1950 Parkside Drive, M/S 03, Concord, CA 94519-2578. Your letter must identify the real property you own by the service address or assessor's parcel number. Your letter must be legibly signed by any one of the current property owners or customers on record and must be received prior to the close of the Public Hearing on June 6, 2023. Only one protest per parcel will be counted. The sewer service charge cannot be increased if a majority protest is received before the close of the public hearing. There is a 120-day statute of limitations for challenging any new, increased, or extended fee or charge.

For further information on the proposed increase, please email the City of Concord Public Works Department at public.works@cityofconcord.org

AGENDA REPORT

TO: **The City Council**

FROM: **Bret Prebula, City Manager**
Nitish Sharma, Finance Director (Consultant)

DATE: **June 20, 2023**

SUBJECT: **Adoption of the Fiscal Year 2023-24 Budget and Appropriations Limit**

RECOMMENDATION

Adopt a Resolution for the following:

1. Approve the Fiscal Year 2023/24 Budget; and
2. Approve the Appropriations Limit for Fiscal Year 2023/24

BACKGROUND

The budget is the primary policy document adopted by the City Council that establishes the service levels and capital projects to be provided to the community by its city government. It establishes the financial and human resources devoted to accomplishing community goals and objectives as reflected by the City Council. It provides a logical structure to organize its various programs, projects, and other expenses. It provides a system for control of its revenues and expenses. Finally, the budget document is widely available to the public and others interested in the operations of the city government.

DISCUSSION

Cities across California continue to face mounting short and long-term budgetary challenges. Local contributions to California Public Employee Retirement System (CalPERS) costs are escalating because of lower-than-expected returns on investment and retirees living longer; costs of providing municipal services have outpaced revenue growth; the emergence of online retail has introduced uncertainty for local sales tax projections; deferred maintenance of aging infrastructure looms on the horizon; and instability at the federal level threatens to undermine both longstanding and new local funding sources. Clayton is not immune to these and other financial challenges, but the City is fortunate to have a solid budgetary foundation that should allow it to better withstand the impacts.

This budget aims to be in alignment with the City's Mission Statement and Values of being dedicated to serving the needs and desires of our citizens:

- Mission Statement: Enhance the City of Clayton by providing quality of service through:
    - Responsible Stewardship
    - Effective Collaboration
    - Continuous Progress
- Values
    - Excellence
    - Integrity
    - Respect
    - Teamwork

On April 24, 2023, staff presented the first draft of the Fiscal Year 2023-24 Proposed Maintenance and Operations budget to the Budget and Audit Committee. The Committee members provided directions on the proposed budget that staff incorporated in this report.

On May 30, 2023, staff presented the second draft of the Fiscal Year 2023-24 Proposed Maintenance and Operations budget to the Budget and Audit Committee. The Committee members provided directions on the proposed budget that staff incorporated in this report. Essentially, moving the budget closer to a balanced level although it was not able to reach that threshold.

On June 6, 2023, staff presented the budget for the first time to the full City Council. In short, the General Fund was presented with the need to utilize $150,000 in pension reserve funds to fill the initial budget deficit. After discussion at City Council some changes were made to the budget plan to bring the budget slightly closer to balance, knowing additional funding would be required later in the fiscal year when specific technology projects would be approved. To that end, the changes to the budget essentially lowered the need for pension reserve funds to approximately $70,000 to fill the General Fund budget deficit. This "effective" deficit will be managed throughout the budget year. Since a budget is a working document staff will continue to monitor and evaluate the budget to see how revenue and expense levels are performing relative to adopted budget levels. Ultimately, as the new fiscal year moves through until its close on June 30th will determine if the City ended the fiscal year with the adopted deficit or if changes to that figure have occurred.

General Fund

General Fund Revenues

Based on Council direction received on June 6, 2023, staff has revised the proposed budget. The total General Fund revenue budget proposed for the Fiscal Year 2023-24 of $5,570,253 plus a transfer of $113,663 from the pension reserve for total resources of $5,683,916. The proposed summary of the General Fund for the Fiscal Year 2023-24 is illustrated in Table A below for the Fiscal Year 2023-24.

The total General Fund revenues appropriated included four key revenue sources: (1) property tax in-lieu of vehicle license fees (VLF); (2) local secured ad valorem property taxes (secured property taxes); (3) sales and use taxes; and (4) franchise fees. Each of these revenue sources is described in detail below. Table 1 illustrates the proposed revenue budget for the Fiscal Year 2023-24.

Note: This table highlights the material General Fund revenue categories.

1. Property Taxes: Property tax is an ad valorem tax imposed on real property, such as land, buildings, and tangible personal property. Property tax revenue is collected by the County and allocated according to state law among cities, counties, school districts and special districts. Clayton property owners pay a basic tax equal to 1% of the assessed value on real property. The City receives approximately 6.6¢ of every dollar collected with larger shares going to local schools, community colleges and Contra Costa County. For Fiscal Year 2023-24, the total assessed valuation of property values within the Contra Costa County increased by 7.8%, which results in $95,414 increase in the City's share of the property tax revenues from the Fiscal Year 2022-23. The City works with a

property tax consultant, HDL Coren & Cone, in projecting property tax revenue, an estimate made with five factors in mind: property turnover rate, pricing and appeals exposure, new construction activity, Proposition 8 administrative reductions and Proposition 13's annual inflation adjustment. The estimates for property taxes include the secured portion and the unsecured potion.

2. Vehicle License Fee (VLF): The largest revenue source, making up 23.1% of General Fund budgeted revenues for FY 2023-24, is property tax in-lieu of vehicle license fees (VLF). The VLF is an annual value tax on the ownership of registered vehicles. It is collected by the California Department of Motor Vehicles and then distributed to cities and counties. As part of the State Budget Act of 2004, the legislature reduced VLF revenue allocations to cities, replacing this funding with additional property tax allocations that change proportionately with the City's annual assessed valuation (property tax in-lieu of VLF revenue). Total VLF estimated for the Fiscal Year 2023-24 are projected to increase by $60,811, or 5.02% from the approved budget.

3. Sales Tax: California sales tax is imposed on the total retail price of any tangible personal property (excluding a variety of state mandated exemptions), while use tax is imposed on the purchaser for eligible transactions when sales tax has not been collected. Although the unadjusted general state-wide sales tax rate applied to transactions is 7.25%, the basic local rate (aka "Bradley-Burns" rate) returned to local agencies (i.e., City of Clayton) is only one percent (1%). This local share is unrestricted and must be received into the General Fund. In the City of Clayton, the applicable sales tax rate is currently 8.75% due to a combination of other additional local and regional voter-approved measures. The City to-date has received $312,000 or 55% of the budgeted sales tax for the current fiscal year. The sales tax receipts are two months in arrears. The City staff received a sales tax projection report from the City's consultant, HDL Coren & Cone, for the Fiscal Year 2023-24. HDL projects the City's sales tax revenues will be slightly over the approved budget with an increase of $12,008 or 2.1% when compared to revised budget estimate for the Fiscal Year 2022-23. As of May 22, 2023, the City staff met with the team from HDL and received the most current version of the sales tax forecast. Staff revised the revenue projection downwards by $20,993.

4. Franchise Fees: The third largest revenue source, making up 10.6% of General Fund budgeted revenues for FY 2022/23, is franchise fees. Franchise fees are rents paid by utilities or other businesses for the privilege of using the City's right-of-way (i.e., streets, sidewalks, etc.) to locate utility lines, operate vehicles, and/or conduct private business for profit. The City currently collects a 1% franchise fee from Pacific Gas & Electric and a 5% franchise fee from cable operators (i.e., Comcast and AT&T/Pacific Bell). In addition, the City collects a 10% franchise fee from Republic Services for its collection, transportation, disposal and diversion of solid waste and recyclable materials. For Fiscal Year 2023-24, the Franchise Fee revenues are projected to increase by a total of $7,996 when compared to the current year budget. This revenue source can fluctuate for the cable television franchise fees due to a shift from customers to change to digital

streaming. As of May 22, 2023, the revenues from franchise fees related to refuse collections were adjusted based on the new refuse contract. The projected revenue for the franchise fee from refuse services are estimated to be an additional $24,443 than reported on April 24,2023.

5. Redevelopment Property Tax Trust Fund (RPTTF): The State of California passed AB 1x26 to dissolve the Redevelopment Agencies in the State. The City of Clayton is projected to receive a higher portion of the tax distribution from the RPTTF after the approval of the Recognized Payment Obligation Schedule for all the cities in the County of Contra Costa. The total revenues expected from the RPTTF in the proposed budget for the Fiscal Year 2023-24 is $476,530.

6. Transfer In: A transfer in of $113,663 is being budgeted from the Pension Stabilization Fund to fund the increase in pension costs, retiree health costs and unfunded accrued liabilities. The funds were originally transferred from the General Fund to the Pension Stabilization Fund. This transfer will close the budget deficit gap in operating revenue versus operating expenses.

7. Book of Fees: As part of the proposed budget, the City staff and consultant updated the City's Book of Fees. The update to the Book of Fees is necessary to ensure that proper costs are allocated and charge to individuals/organizations receiving a direct benefit from the City's program and services that are non-general revenue base. The fee study discussed with the Council will result in some new recovered revenues to offset the costs. Staff is estimating a total of $36,000 in new revenues based on the activities in the current year.

General Fund Expenditures

Total General Fund expenditures proposed for the Fiscal Year 2023-24 is $5,683,916. Table 2 below illustrates the General Fund proposed expenditures for the Fiscal Year 2023-24:

[2]*Note: This table does not include all General Fund expenditure categories.*

1. Personnel Costs: Mandatory personnel expenses, such as salaries, overtime, retirement, retiree health, and group insurance, make up approximately 57% of the City's total operating budget. The proposed budget for the salaries and benefits categories are projected to increase by $472,706, or 16.3%, when compared to the current year adopted budget. Increase in salaries and benefits costs can be attributable to the following factors:

    - Pension Costs: The pension costs are expected to increase in Fiscal Year 2023-24 due to the substantial loss of investment earnings. The CalPERS reported a net loss of approximately 6.1% for the year. The increase in the unfunded accrued liability for the City of Clayton is $35,877 or 8.1% with a total estimated payment of $480,000. The second increase for the pension costs is related to the normal cost which is expected to increase from 10.32% to 11.84% for Miscellaneous Employees Tier 1 (https://www.calpers.ca.gov/docs/actuarial-reports/2021/clayton-city-miscellaneous-first-tier-2021.pdf). The Safety Tier 1 employee's normal costs are expected to increase from 20.64% to 22.83 (https://www.calpers.ca.gov/docs/actuarial-reports/2021/clayton-city-safety-first-tier-2021.pdf).

Salaries/Wages:

- Benefits Insurance Costs: The City is expected to pay an additional 9% in health care benefit costs for the employees covered under the City's plan. Increase in the benefits costs are due to several factors including the increase in the life expectancy, increase in medical process and the increase in the labor costs.

- Police Department Increase: Increase in the Police Department budget is due to a combination of factors including the following:

    - $7,0000 Reclass of a Sergeant: New costs from the Reclass of the Sergeant
    - $36,000 MOU Adjustment: New costs from the approval of the labor contract with the police association.
    - $40,000: Added increase in the overtime cost for the police department.
    - $7,000: Cost increase from the new salary adjustment for the Police Chief for the Fiscal Year 2023-24.

- $81,280: Increase due to the increase in salary steps and other persable benefit for the police officers and other employees in the Police Department.
- $10,313: Increase in pension cost for the staff in the Police Department.
- $22,645: Increase in medical benefit costs for the police department.
- $15,645: Costs related to the shift differential in the Police Department and the field training officer costs.
- $20,000: Costs related to the reclass of a Police Sergeant to Lieutenant.
- $62,000: The City budget were revised to reflect the savings from the full-time equivalent position of the Police Chief. These savings are projected to be one-time for the current fiscal year. The proposed budget for Fiscal Year 2023-24 includes all budgeted position in accordance of the Authorize Position List.

2. Operations and Maintenance: Increase in Operations and Maintenance for FY 2023-24 is expected to increase by $140,157 or 6.6%. The proposed budget for operations and maintenance expenditures total $2.3 million. The increase in the operations and maintenance expenditures are due to increase in contract services (labor cost increase), increase due to the price of products due to inflation, and the shortage of products due to production and supply chain issues. Some of the major changes in the proposed budget in this category are described below for the Fiscal Year 2023-24:
    - Dues and Subscriptions (Community Development) $14,000: Increase in proposed budget year due to an increase in the cost for subscription of software. The City currently uses Parcel Quest for property record data; ESRI Arc GIS and Permit Management Software are proposed to be added for more efficient development services/community development activities.
    - HVAC Maintenance Repairs -$16,553; Decrease is due to the work that was completed in the prior year. The proposed budget of $21,000 correctly reflects the anticipated repair costs related to the City heating, ventilation, and air conditioning (HVAC) systems.
    - Risk Liability Insurance Premium $47,850: Increase in the premium from the City's insurance pool. It is important to note that this increase has impacted almost all government agencies in many different insurance risk pools due to the severe storm damages, fire damages and actual loss sustained over the years.
    - School Crossing Guard Services $8,710: Increase in the costs for providing the services to the school.
    - Dispatch Services $16,157: Increase in costs estimates the City

received for the dispatch services. This is a mandatory cost increase.

- Crime Lab and Call ID $23,279: Increase in costs related to the crime lab and call id services.
- Animal Control Services $9,154: Increase in contract costs related to the animal services received by the City.

3. Supplemental Budget Considerations: Supplemental budget items in the amounts of $36,000 contingent upon approval of the new Book of Fees is being proposed for Fiscal Year 2023-24.

The net change in the General Fund after accounting for the proposed changes to the revenues and expenditures for the Fiscal Year 2023-24 is $11,337. It is important to note that the net deficit presented on June 6, 2023 Council meeting was -$28,663. Staff adjusted the Professional Services line item in the Admin/Legal/Finance department related to the technology upgrades based on the Council's direction. Table 3 below highlights the total proposed general fund for the Fiscal Year 2023-24.

Other Non-Major Governmental Funds

The City's Non-Major Governmental Funds are reported as Special Revenue Funds (SRF); whereby, the revenues collected are for specific expenditures. These funds should be self-balanced with the appropriate receipts and expenditures. The City of Clayton has a number of SRF's that are operating in a deficit spending each year. The City staff will evaluate the deficit spending funds in the fall of 2023 to provide the Council with some of the mitigating measure to addresses the budget shortfall. Below is a summary of some of the Non-Major Governmental Funds that will requires additional revenues or a reduction in expenditures in order to be balanced in future years.

1. Rainy Day Fund (Fund 110): The estimated fund balance in the Rainy-Day Fund as of June 30, 2024, is approximately $69,867. There is no proposed appropriation in this fund except for the distribution of the interest earning estimated at $1,500 for the Fiscal Year 2023-24.

2. State Gas Tax Fund (Fund 201): The projected receipts in the state gasoline tax for the proposed budget for the Fiscal Year 2023-24 is estimated at $385,250, consistent with the current year budget. The operating expenditure for the proposed budget is approximately $337,199, an increase of $77,491 or 29.0%, when compared to the current year budget. Increase is primarily due to the increase in the materials and supplies cost related to inflation, increase in labor costs, and challenges to the supply chain. A transfer of $82,000 ($50,000 to Streetlight Fund and $32,000 to Stormwater Fund) has been budgeted for the Fiscal Year 2023-24. This transfer was not included in the budget workshop to the Council on April 24, 2023. The Gas Tax receipts are eligible for these expenditures. The net fund balance in this fund at the end of the Fiscal Year 2023-23 with a surplus of $48,050. The ending fund balance is projected to end the Fiscal Year 2023-24 with an estimated ending fund balance of $292,543.

3. Landscaping Maintenance Fund (Fund 210):

   On April 24, 2023, the proposed budget for this fund had a deficit spending and is described below:
   - The proposed revenue budget for the Fiscal Year 2023-24 is $1,278,284, while the total proposed expenditures appropriations are at $1,932,209, including CIP and resulting a net deficit of -$653,925. The assessments operating expenditure are projected to increase by $117,620, or 8.09% in the Fiscal Year 2023-24. It is important to note that the current year budget (Fiscal Year 2022-23) approved a net deficit spending of -$245,041. The total fund balance projected at the end of FY 2023-24 is estimated at -$260,432. The fund balance deficit requires additional property tax assessments or a reduction in services provided to be balance and self-

supported.

Below are the adjustments staff has made to present a balanced budget to the Committee:

- Tree Trimming Contract: Reduce from $200,000 to $175,000
- Trail, Fixture Repairs and Replacement: Reduce from $250,000 to $75,000. Staff will seek grant revenues and other funding sources to complete the trail projects including the Road Maintenance Rehabilitation Act Funds.

The revised budget proposed will end in a net deficit of -$388,925. This deficit will be offset by the fund balance carryover from the current year of $393,492, resulting in a net fund balance of $4,568. Staff will continue to monitor the expenditures in this fund to ensure the fund is balanced at the end of the Fiscal Year 2023-24.

At the June 6, 2023, City Council meeting staff was directed to bring back the Landscape Maintenance District Budget working from a "bottom up" approach balancing the budget without or limited use of reserves. Staff attempted to do so, but was only able to reduce the budget to a level that utilized approximately $73,000 in Landscape Maintenance District Reserves. Staff is concerned that any additional reductions could create larger impacts that identifiable on the surface, thus further review and discussion will need to occur on future funding levels.

4. The Grove Park CFD Fund (Fund 211): The projected fund balance for this fund at the end of the Fiscal Year 2023-24 is estimated at $423,687. The fund balance proposed for Fiscal Year 2023-24 includes the total revenue budget of $159,515 and the expenditure budget of $174,316; a net deficit of -$14,801. The deficit will be offset by the carryover fund balance from the current fiscal year. The estimated fund balance in this fund at the end of Fiscal Year 2023-24 is projected at $423,678.

5. Oakhurst GHAD Fund (Fund 212):

On April 24, 2023, the proposed budget for this fund had a deficit spending and is described below:

- The projected fund balance for the proposed budget for the Fiscal Year 2023-24 is estimated at a deficit of approximately -$198,548. The total assessment revenues for this District are projected at $49,500. There is a transfer in of $52,851 from the Fund 213, Presley GHAD Settlement to fund the total proposed expenditure budget of $300,900 in FY 2023-24. The expenditure budget is approximately $171,000 more than the current fiscal year. The increase in expenditures is primarily due to a combination of factors including an installation of inclinometers ($47,000) and professional services expense related to the field monitoring (monitoring, management, and other costs) that is new in the Fiscal Year 2023-24 ($125,000).

Below are the adjustments staff has made to present a balanced budget to the Committee:

- Engineering/Inspection Services: Reduce from $35,000 to $25,000
- Project Costs: Reduce from $100,000 to $58,000. Staff will seek grant revenues and other funding sources to complete the projects.
- Other Professional Services: Reduce from $125,000 to $25,000.
- Weed Abatement Services; Reduce from $30,000 to $15,000. The City will seek reimbursement from the non-city owned properties for weed abatement.
- Transfer In: Adjust the transfer in from the Presley GHAD Settlement from $52,851 to $49,991.
- Oakhurst GHAD Assessments: Increase an assessment fee revenue of $49,500 that was previously not included.

The revised budget proposed will end in a net deficit of -$34,409. This deficit will be offset by the fund balance carryover from the current year of $34,612, resulting in a net fund balance of $203. Staff will continue to monitor the expenditures in this fund to ensure the fund is balanced at the end of the Fiscal Year 2023-24.

6. Streetlight Maintenance Fund (Fund 214):
On April 24, 2023, the proposed budget for this fund had a deficit spending and is described below:

- The net operating deficit proposed for this fund at the end of the Fiscal Year 2023-24 is estimated at -$43,440. The revenue projected from the streetlight assessments is $126,500. The revenues each year do not have any inflationary increases to support the increases in the operating expenditures. The total expenditure budget is $169,940 for the Fiscal Year 2023-24. The projected fund balance in this fund at the end of the Fiscal Year 2023-24 is approximately -$48,376.

Below are the adjustments staff has made to present a balanced budget to the Committee:

- Transfer In: An allocation of $50,000 from the Gas Tax Fund (Fund 214) to cover cost to maintain and operate the streetlights within the City limits.

The revised budget proposed will end in a net positive of $6,560. This positive fund balance will be offset the Fiscal Year 2022-23 fund balance deficit of -$4,937, resulting in a net fund balance of $1,623. Staff will continue to monitor the expenditures in this fund to ensure the fund is balanced at the end of the Fiscal Year 2023-24.

7. Stormwater Assessment Fund (Fund 216): On April 24, 2023, the proposed budget for this fund had a deficit spending and is described below:

- The fund balance projected for this fund at the end of the Fiscal Year 2023-24 is estimated at -$132,577. It is important to note that the current year budget deficit

spending in this fund is projected at -$53,962; however, the current fund balance of $69,534 will offset the deficit spending. For the Fiscal Year 2023-24, total receipts from the Storm Water Assessment are approximately $77,000 while total appropriations are approximately $225,000, resulting in a net deficit of -$148,150.

Below are the adjustments staff has made to present a balanced budget to the Committee:

- Transfer In: An allocation of $32,000 from the Gas Tax Fund (Fund 214) to cover cost to fund the street sweeping costs paid by the stormwater fund.
- Engineering Services: Reduce from $35,000 to $18,000. Staff will monitor and deliver the services based on the available resources.
- Other Professional Services: Reduce from $50,000 to $25,000. The City will monitor and manage professional services rendered based on the available resources.

The revised budget proposed will end in a net deficit of -$14,942. This deficit will be offset by the fund balance carryover from the current year of $15,572, resulting in a net fund balance of $630. Staff will continue to monitor the expenditures in this fund to ensure the fund is balanced at the end of the Fiscal Year 2023-24.

All other funds not described above are included as part of the Non-Major Governmental Funds as part of this report (Attachment 2).

Honorable Mayor and Councilmembers,

Your City staff is pleased to present the proposed Fiscal Year 2023/2024 City Budget. This is the City's annual budget which was prepared in recognition of a variety of potential factors which influence our local economy and revenues. Inflation has risen and the City is in a time of long-term operational transition, thus the budget presented is a "status quo" budget to allow time for new City leadership to evaluate the organization and recommend next steps to move the organization to a sustainable future.

You as the City Council are aware of, and sensitive to, the City's various economic engines and are adopting this budget within a framework that allows me as your City Manager the beginning stages of creating a strategic vision. Some of the goals of that vision will be achieving staffing consistency and an ongoing culture shift, evaluating efficiency and strategic direction of operations, master planning needs related to facilities, streets, and vegetation management, and creating a sustainable plan for public safety and traffic management. More specifically, this fiscal year's budget will provide a work plan that will focus on citywide foundational issues. Staff will be working on evaluating staffing levels, as well as creating and enhancing policies around fiscal/reserve fund management, budget policies, grant policies, purchasing policies (especially meeting Federal requirements) among others. Staff will evaluate service delivery methods related to contracting, level of service in various areas, enhancing technology internally and externally with the community, along with evaluating the various needs of our assessment districts. This is an aggressive work plan but will be done in a manner to ensure the staff and community can adapt to the changes and improvements.

The City's General Fund and the majority of its assessment districts are facing a time in which they are either structurally imbalanced or finely balanced. With the cost of service increasing in almost every area of our local, statewide, and national economy the current path of the City's revenue may not be able to sustain the City over the long haul under the current trajectory, thus the need for the evaluation, review, and change described above. As we embark on this time it is important to note that the City has healthy reserves in the General Fund to make the necessary investments to move the organization to a place of sustainable change and/or decision-making points.

The City's General Fund is estimated to have $5,570,253 (inclusive of increased fee revenue estimates) in discretionary revenue before use of any reserves and $5,683,916 in total expenses and transfers to other funds. Thus, to balance the net deficit, approximately $113,663 in pension reserves is required. The use of this level of reserves is appropriate especially considering the need for evaluation by new city leadership.

Other funds such as the Landscape Maintenance District, Stormwater assessment, Stret light assessment, and Geological Hazard Abatement District (GHAD) continue to be under pressure. These funds are either at the point of reduced service levels, usage of a significant amount of their specific reserves, or a transfer from another fund such as the Gas Tax Fund to support operations. These funds will require a deeper evaluation and strategic plan to be discussed with City Council during this fiscal year.

As the City Manager, I have used the analogy that we (the City) are in a state in which we see rain clouds forming but we have plenty of time to grab our umbrellas and get inside. What I mean by this statement is that we have time to discuss the issues with City Council and the community, and time to evaluate and plan on the direction needed to maintain Clayton as the great community it has always been.

Your staff is ready and dedicated to the purpose of continuing Clayton's long history of being a safe and beautiful community. I look forward to working with the City Council and community to have great discussions about the sustainable path forward. This community is a gem within Contra Costa County, and I am excited to lead the organization with City Council into this new fiscal year.

I want to thank all the staff and Nitish Sharma, our finance consultant, for the work in developing this fiscal year's budget. The budget was developed while transiting to a new City Manager, no Finance Director, or Executive Assistant to the City Manager. Still your resilient and dedicated staff were able to present this budget to you today.

Respectfully,

Bret Prebula

History of Clayton

~

The Incorporation of Clayton

by Eldora Hoyer and Julie Pierce

A California voting record was established when ninety-one percent of Clayton's 364 registered voters approved incorporation of Contra Costa County's 13th city on March 3, 1964, in Endeavor Hall. Clayton residents wanted local control of planning and development. They worried about development quality and density and the commercial strip zoning racing their way. They did not oppose development, but after many futile hearings in Martinez and elsewhere, they wanted to retain the semi-rural ambience of the Upper Clayton Valley.

In 1959, some leading Clayton citizens discussed incorporating Clayton to retain its historic identity and rural atmosphere through local control of land use planning and zoning. They were Randall "Chubby" Humble, owner of the Pioneer Inn; George Murchio, land owner; M. F Ohman, general manager of Pittsburg's Dow Chemical plant; Judge Wroy Renaghan; and Lawrence Wallace, real estate appraiser. Appointed to their committee were Henry White, Martinez Hospital administrator; Thomas Grundy, Eldora Hoyer and Robert Kuntz.

Although an initial incorporation attempt failed in 1960, when two quarry properties requested exclusion, the Clayton Revolution was rekindled in 1963 by an impending annexation that would divide the town and forever prevent incorporation of historic Clayton.

News of a cherry stem annexation using streets and the Clayton home of Concord's city attorney to access Cardinet Glen [the subdivision of homes near City Hall on Wallace and Cardinet] was seen in an obscure paragraph of the Oakland Tribune by Clayton's Nan Wallace on March 3, 1963, who alerted Clayton residents and formed an incorporation study committee.

To delay the Concord annexation long enough to explore alternatives, shocked Claytonians immediately filed notice of intention to begin incorporation proceedings. Many residents circulated petitions and Eldora had the honor of delivering the papers to the county offices in Martinez to place it on the ballot. James Conley walked house to house collecting contributions for election expenses and ended up with enough extra money to buy a flag for city meetings. This time, the proposed incorporation area excluded large properties whose owners, wanting Concord sewers, could be expected to withdraw their lands and defeat the attempt to bring incorporation to a vote. It was hoped that future residents would annex to Clayton later.

While exploring alternatives to incorporation, the Clayton Incorporation Committee managed to have the Concord annexation attempt withdrawn because of irregularities, but it seemed evident that annexation attempts would continue. Clayton residents decided to bring incorporation to a vote feeling that it must be done now or probably never.

At 8:00 pm on March 3, 1964, Sigrid Frank, a 69-year-old Clayton old-timer who was the poll inspector, stepped onto the front porch of Endeavor Hall, rang a brass bell, and in traditional style proclaimed, "Hear Ye! Hear Ye! Hear Ye! The polls are closed." The incorporation workers were tired but hopeful and euphoria built as the votes were tallied, with community "watchdogs" looking on. On top of the hill above town, Ken Byrd and Richard Hamb began ringing victory news across the valley with Clayton's old school bell. The community had successfully declared its independence on March 3, 1964 in that historic vote.

Clayton's first official meeting was March 18, 1964, when the council was sworn into office by Judge Wroy Renaghan with a large crowd in attendance. George Abbott and Al Liming drove to Sacramento to file the incorporation papers directly with the Secretary of State, to ensure prompt processing.

Maurice Huguet, Jr. was hired as city attorney and Marguerite Ellingson became the city's part-time clerk. Huguet was then the youngest city attorney in Contra Costa County.

Our inaugural Planning Commission consisted of Joe Wallace, chairman, Joe Swicegood, Beth Laurence, Charles Levine and Howard Sumerlin. William Walker, a professional accountant, was appointed the first City Treasurer. Clayton's city letterhead, still in use today, was designed in 1964 by Bob Hoyer with art by Ray Hare, a Clayton Valley High School art student.

Clayton's standing among other jurisdictions grew with its activity on county, district, and regional boards and commissions and in the League of California Cities. In 1966-67 Clayton's mayor chaired the Contra Costa Mayors' Conference, and Clayton's part-time clerk was Conference secretary. Clayton was represented at the 1967 National Mayors' Conference in Honolulu (at no expense to Clayton). Clayton councilmen and appointees filled many key roles and influenced regional decisions affecting Clayton.

On Clayton's first anniversary, the City received a resolution from the County Board of Supervisors commending the City on its first year and its efforts to comply with the wishes of its citizens in terms of community life, and for its forward-looking actions related to balanced development. The resolution noted that Clayton was incorporated to maintain a careful balance between progressive development and preservation of one of the most scenic landscapes in the central part of Contra Costa County.

Fund Structure

According to the Government Finance Officers Association (GFOA), fund accounting is used to meet the reporting objective of providing information as to whether resources were obtained and used in accordance with the budget and other finance related requirements by accounting for financial transactions and balances through several separate funds, each accounting for designated assets, liabilities and equity. The City of Clayton reviews our fund structures annually to ensure appropriate and relevant data is reflected in our financial reporting. Additionally, all new funds must be reviewed and approved by the City Council. Healthy fund balances are essential to making good long-term decisions for any government organization. Our funds are broken into four different types: General Government (General fund with 9 different departments and 2 reserve accounts), Proprietary (business-like activities), Fiduciary (held in trust) and Special Revenue Funds (used for specific projects or uses).

Basis of Budgeting

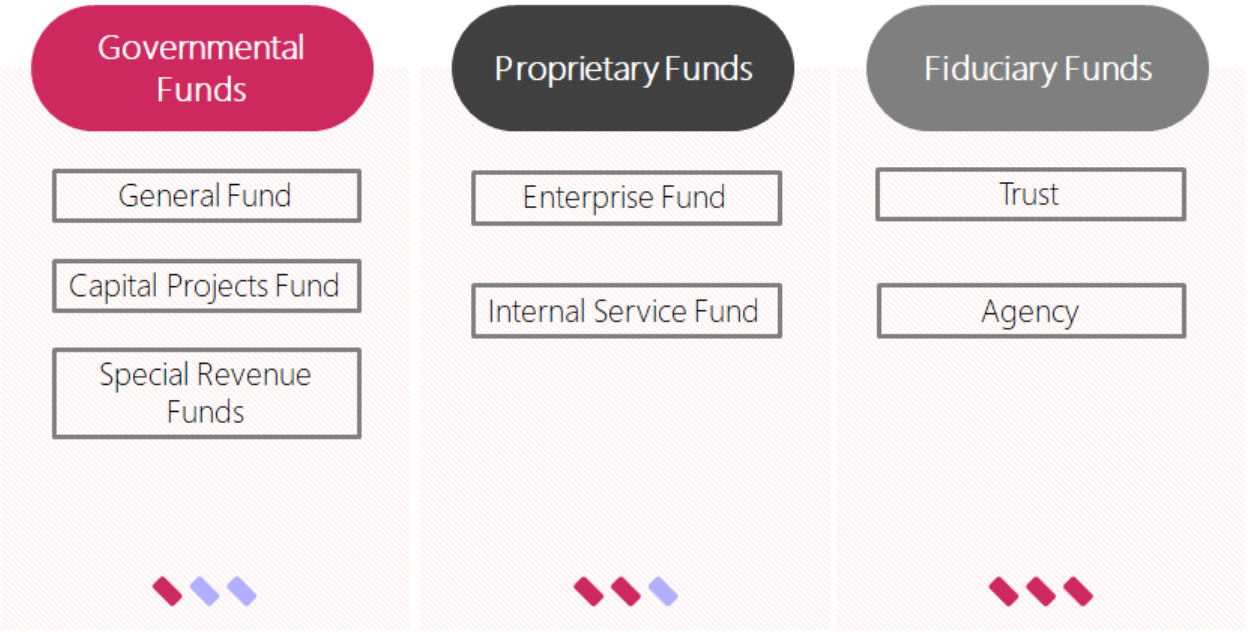

Basis of budgeting - the basis of accounting utilized throughout the budget process. The City of Clayton is required by law to pass an annual balanced budget.

Basis of accounting - a term used to refer to when revenues and obligations are recognized in the accounts and reported in the financial statements. The City of Clayton's budgets for the General, Special Revenue, and Fiduciary funds are prepared on essentially the same as a modified accrual basis of accounting. This method is also used for the City's financial reporting and financial statements. Although the City of Clayton utilizes Modified Accrual that does not require budgeting for depreciation, the City still budgets for depreciation for Endeavor Hall, the main enterprise fund.

Overall Financial Structure

Budget Timeline

The graphic below illustrates key milestones in the development and approval process for the FY2022/23 Budget. Between each of the dates shown, staff is working to analyze, evaluate and develop recommendations that ultimately become part of the Proposed and Adopted budgets.

Policy and Process Improvement Opportunities

Comprehensive Review and development of a Fiscal Management Policy which will include:

- Pension and OPEB Policy
- Reserve Policy
- Investment Policy and Investment Management

Pension and OPEB Policy

The Pension policy will provide goals for funding the pension debt, a clear structure for sustainability, risk tolerance, funding status and funding plans and clearly defined oversight.

The Other Post-Employment Benefits (OPEB) Policy will be a separate policy from the Pension Policy and will provide ways to invest funds to pay for these benefits as well as to reduce overall liabilities and increase overall net position of the City as well as manage this debt with a plan that maximizes the use of the City's resources.

Reserve Policy

One of the key components of a financially stable municipality is the adherence to a policy of maintaining an appropriate level of reserves. Establishing a target minimum General Fund reserve is a mechanism that governments can implement to help ensure adequate levels of fund balance are available to help mitigate current and future risks. A minimum General Fund reserve is generally considered a prudent and conservative fiscal policy to deal with unforeseen situations. Some examples of unforeseen situations include, but are not limited to: extreme events, economic downturns, reduced revenues, Federal/State/County Budget Cuts, unfunded legislative or judicial mandates, capital obligations, one-time City Council approved expenditures, and innovative opportunities for the betterment of the community. To provide guidelines for establishing, maintaining, and reviewing minimum target General Fund reserves for the City of Clayton. This policy is developed to consider the minimum level necessary to:

- Maintain creditworthiness;
- Ensure cash availability during times of economic uncertainties and other financial hardships or downturns in the local or national economy or extreme events;
- Provide for long-range planning, especially around future debt or capital obligations;
- Deciding when to use reserves, define what the minimum level is and how to replenish this if it should fall below the defined minimum threshold.

Investment Policy and Investment Management/Oversight

The objective of the investment portfolio is to meet the short and long-term cash flow demands of the City. To achieve this objective, the portfolio will be structured to provide Safety of Principal, Liquidity and Return on Investments.

It is the policy of the City of Clayton to meet the short and long-term cash flow demands of the City in a manner which will provide for the safety of principal monies with sufficient liquidity, while providing a reasonable investment return. The purpose of this Investment Policy is to identify and outline various methods and procedures for the prudent and systematic investment of public funds. This Investment Policy applies to all investment activities and financial assets of the City. The following Funds are covered by this Investment Policy and are accounted for in the City's Comprehensive Annual Financial Report:

A. General Fund
B. Special Revenue Fund
C. Debt Service Fund
D. Capital Project Funds
E. Enterprise Funds
F. Internal Services Funds
G. Trust and Agency Funds
H. Any new funds created by the City Council.

Financial Policies - Looking towards the future

The City of Clayton's accounting policies and procedures are built on the foundation of strong internal controls. We have an important responsibility to the citizens of Clayton to carefully account for public funds, to manage the finances wisely, and to plan for adequate funding of services desired by the public, including: public safety services, public parks and facilities, community development, the library facility, public works, legal services, engineering services, streetlighting, 5 special assessment districts, the landscape and maintenance district, and the Clayton Financing Authority. Ultimately, the City's reputation and success will depend on the public's awareness and engagement in the short and long term financial planning for the City.

Our goal is to provide excellent financial management through transparency, having the utmost integrity, and accountability, in order to gain the trust of the public we serve. During the FY2023 we plan to complete a comprehensive **Fiscal Management Policy (that will update and/or replace current policies)** including the following areas:

Policy 1 - Fiscal Planning and Budgeting

Fiscal planning refers to the process of identifying resources and allocating those resources for numerous and complex competing purposes. The primary vehicle for this planning is the preparation, monitoring and analysis of the City's budget. It is increasingly important to incorporate a long-term perspective and to monitor the performance of the programs competing to receive funding.

Policy 2 - Fund Balance

Fund balance is an important indicator of the City's financial position. Maintaining reserves is considered a prudent management practice. Adequate fund balances are maintained to allow the City to continue providing services to the community in case of unexpected emergencies or requirements and/or economic downturns.

Policy 3 - Expenditure Control

Expenditures will be controlled by an annual budget at the department/fund level. Management must ensure compliance with the legally adopted budget. In addition, purchases and expenditures must comply with legal requirements and policies and procedures set forth by the City.

Policy 4 - Revenues and Collections

In order to provide funding for service delivery, the City must have reliable revenue sources. These revenues must be assessed and collected equitably, timely, and efficiently.

Policy 5 - Grants

Many grants require the Council's approval of funds, either for the original grant or to continue programs after the grant funding has expired. Council should review these grant opportunities prior to determining whether an application should be made for these grant funds.

Policy 6 - Cost of Service and User Fees

User fees and charges are payments for voluntarily purchased, publicly provided services that benefit specific individuals. The City relies on certain fees and charges to supplement other revenue sources in order to provide public services. Indirect cost charges will be assessed to reflect the full cost of identified services.

Policy 7 - Capital Asset Accounting and Replacement

An effective asset accounting system is an important tool in managing the City's capital investments. The purpose of using this system allows us to identify, plan, schedule, finance, track and monitor capital assets to ensure proper replacement of depreciated assets. The performance and continued use of capital infrastructure is essential to delivering public services. Deferring essential maintenance and/or asset replacement can negatively impact service delivery and increase long-term costs.

Policy 8 - Investment Policy

The objective of the investment portfolio is to meet the short and long-term cash flow demands of the City. To achieve this objective, the portfolio will be structured to provide Safety of Principal, Liquidity and Return on Investments.

It is the policy of the City of Clayton to meet the short and long-term cash flow demands of the City in a manner which will provide for the safety of principal monies with sufficient liquidity, while providing a reasonable investment return. PUBLIC EMPLOYEES RETIREMENT PENSION SYSTEM

A Brief History

Eleven years after its incorporation as a municipality in 1964, the City of Clayton joined the California Public Employees Retirement System (CalPERS) to establish a pension system for its public employees (June 1975). At that time, it contracted for a retirement system plan of 2% at age 55 for its sworn law enforcement officers and 2% at age 60 for its general (miscellaneous) employees. Each enrolled plan was the least costly "defined benefit" plan offered by CalPERS. For the next 40 years and continuing today, permanent employees of the City are members of CalPERS for retirement pension purposes. The City organization does not belong to Social Security; therefore, its employees rely on this public pension system as the primary retirement program.

A plan change occurred in 1997 when the City moved its law enforcement employees from the CalPERS 2% at age 55 Plan to a 2% at age 50 Plan; miscellaneous employees were kept on the 2% at age 60 Plan. Presumably at that time the City elevated the retirement benefits of its Police Department in order to attract and retain quality sworn personnel in the competitive public sector market. In early 2001 the retirement plans were again modified (through the collective bargaining process) to the existing "Classic" contracts of 3% at age 55 for Public Safety (sworn law enforcement) and 2% at age 55 for the Miscellaneous Unit (civilian). CalPERS also initiated unilateral action to eliminate small-employer public agency members from consideration as independent agencies and "pooled" them together to share some of the pension risk. These new pooled plans (in effect today) are referred to as *Multiple-Employer "Cost-Sharing" Defined Benefit Plans*. Although cost sharing plans are designed to bundle employer pension expenses of several employer plans that provide identical benefits, plans that had super- or under-funded statuses carried forward their positive or negative balances into the new plan in what is referred to as a "Side-Fund". Thus, this CalPERS action caused several of the small employers (including Clayton) to report separate side-fund "unfunded liabilities" which the City of Clayton has been reducing over time within its annual employer contribution pension rates as analyzed in greater detail later.

In 2008, coinciding with the abrupt downturn in the national and local economies and the wave of retiring Baby Boomers (born 1946 - 1964), the press and the public waged a vigorous debate concerning the amount and scope of unfunded liabilities of governments [taxpayers] for the CalPERS defined benefit retirement plan. Public pension policies have been modified, reformed and threatened over the course of this examination and it continues today in the form of state legislation reform bills, statewide initiatives and court cases. Resulting from this, the State of California legislature enacted the Public Employee Pension Reform Act (PEPRA) effective January 2013 creating a new defined benefit pension tier for any newly-enrolled CalPERS-covered employees.

However, even in advance of PEPRA and most other public agencies, the City of Clayton established a 2nd Tier Plan effective January 2011 for all new "Classic" hires. To further mitigate its unfunded liability exposure, the Clayton City Council took action in March 2012 to prohibit all future local elected officials (e.g., city council members) from becoming members of the CalPERS pension plan.

In regards to action taken to address the reasonableness of actuarial assumptions, the 2016 Annual Review of Funding Levels and Risks published by CalPERS on September 20, 2016 concluded economic conditions at that time increased the risk associated with achieving a 7.5% rate of return over the medium term (10 years or so). With this in mind, action was taken by the CalPERS Board to re-address the viability of the actuarially assumed discount rate for future years with the goal of increasing funded status of pension plans. Accordingly, on December 21, 2016 the CalPERS Board voted to lower its discount rate from 7.5% to 7.0% over a three-year timeframe with the hope the incremental lowering of the rate would give employers more time to prepare for the changes in contribution costs. The first year of pension contribution increases resulting from lowering the discount rate was FY 2018/19.

Various Pension Plan Groups and Composition

As a consequence of the actions taken as described previously the City of Clayton now has three (3) separate CalPERS pension plan tiers for its employees for both the Public Safety and Miscellaneous employee groups:

1. Tier I "Classic" – This plan covers existing City employees hired prior to January 2011. No future employee of the City can ever enroll into the Tier I Plan and accordingly this pool of existing employees will shrink in number as these employees move to other employment or retire from the City. The benefit formula for Public Safety Tier I members is 3% @ 55 and the benefit formula for Miscellaneous Tier I members is 2% @ 55.

Previously, the City made the required employee contributions on behalf of all Tier I employees, which is defined as "Employer Paid Member Contributions" (EPMC) by CalPERS. As part of three-year Police Officers Association (POA) labor agreement approved on July 7, 2015, the previous 9% EPMC for Public Safety Tier I members has now been entirely phased out, with members of this group paying the full required employee contribution rate. While beneficial for future pension obligations, this phase-out did come at a cost and was offset by a negotiated 4% annual cost of living adjustment for all sworn officers for the three- year period ending June 30, 2018.

Commencing FY 2018/19, as part of the current three (3) year labor agreement with the POA, Tier I Public Safety members of the POA were required to help contribute towards the escalating normal cost employer rate. Referred to as "cost-sharing", these member-paid employer contribution sharing rates were 0.5%, 1.25%, and 2.25% for FY 2018/19, FY 2019/20, and FY 2020/21, respectively. In FY 2021/22, net of any member-paid employer contributions, employer contribution rates for Tier I employees will be 20.64% and 10.34% for Public Safety and Miscellaneous Plan Members, respectively.

2. Tier II "Classic" – This plan covers City employees hired during the timeframe January 2011 through December 2012, plus any new hire of the City that comes from an employer previously enrolled in a CalPERS pension system (without a break in service longer than six months). The benefit formula for Public Safety Tier II members is 2% @ 50 and the benefit formula for Miscellaneous Tier II members is 2% @ 60. There is no EPMC provision, making employees responsible for the entire employee pension contribution rate, which is 9% for Public Safety plan members and 7% for Miscellaneous Plan members.

3. Tier III "PEPRA" – This plan automatically covers any new employee of the City not previously a member of CalPERS or with a break in service longer than six months. The benefit formula for Public Safety Tier III members is 2.7% @ 57 and the benefit formula for Miscellaneous Tier III members is 2% @ 62. Under PEPRA law, members are required to pay at least 50% of the normal cost of benefits, essentially splitting the pension contribution rate requirement with some exceptions.

Status of the City's Unfunded Actuarial Liability

An unfunded actuarial liability (UAL) is the difference between the estimated current liability to pay future benefits and the current market value of assets accumulated to pay those benefits. If assets are greater, a plan is overfunded and if the liability is greater, a plan is underfunded, creating an unfunded liability. The unfunded liability is an estimated figure changing with each actuarial valuation pursuant to changes in market value of assets, investment earnings and actual results of the plan as compared to actuarial assumptions. Unfunded liabilities are not amounts that are actually due today but are estimates of what pension actuaries believe will be needed to pay future benefits. The funding policies established by CalPERS are intended to provide for full funding of the pension plan by the time employees retire. The following is a line chart summarizing the City's UALs for both the Public Safety Tier I and Miscellaneous Tier I employee plans for the past two (2) years and estimates for the next ten (10) fiscal years:

As depicted in the chart above, when considering the current funded status of the City's pension plans, the most recently issued actuarial reports (annual valuation report as of June 30, 2021/contributions for FY2023/24) reflect increases to both the Safety and Miscellaneous Tier I Plan UALs. As of the June 30, 2021 valuation, the Safety Tier I Plan UAL decreased by approximately 28.6% to $2,323,394 reflecting a funded status of 81.1%. Similarly, the

Miscellaneous Tier I Plan UAL decreased by 30.1% to $1,659,643, reflecting a funded status of 81.8%.

CalPERS reported a -6.1% investment return in FY 2021/22, which is substantially lower than the assumed 6.8% discount rate benchmark that was in place at the time. We see the impact of this negative return reflected in a dramatically increased unfunded liability from the 2021 fiscal year to the 2022 fiscal year, represented in the previous graph. As a result, the latest projections expect employer UAL pension contributions for the two "Classic" Tier I plans to gradually increase until reaching their ceiling in FY 2031/32, after which they steadily reduce until both plan UALs are fully paid off in FY 2044/45 (under present value calculations and CalPERS methodologies).

Impacts of Statutory Pension Reform – Short and Long-Term

Since the adoption of PEPRA and due to measures taken by the City Council in 2011 to create second retirement tiers, noteworthy savings were realized by the City in the three-year timeframe from FY 2012/13 to FY 2014/15. Ultimately, these savings were realized by the City through the gradual attrition of several Tier I "Classic" employees with those positions subsequently filled by less expensive Tier II and PEPRA enrolled employees. However, commencing in FY 2015/16, in an aggressive and deliberate measure to recapture these savings realized by participating agencies, CalPERS began billing for the unfunded portion of the City's Tier 1 pension liabilities as a fixed dollar amount as opposed to the "percentage of payroll" method used in all prior years leading up to FY 2015/16. Therefore, to understand and better prepare for fluctuations in employer pension costs, a city must monitor both the percentage of payroll ("Normal Cost") rate as well as the relatively new fixed dollar UAL contribution components.

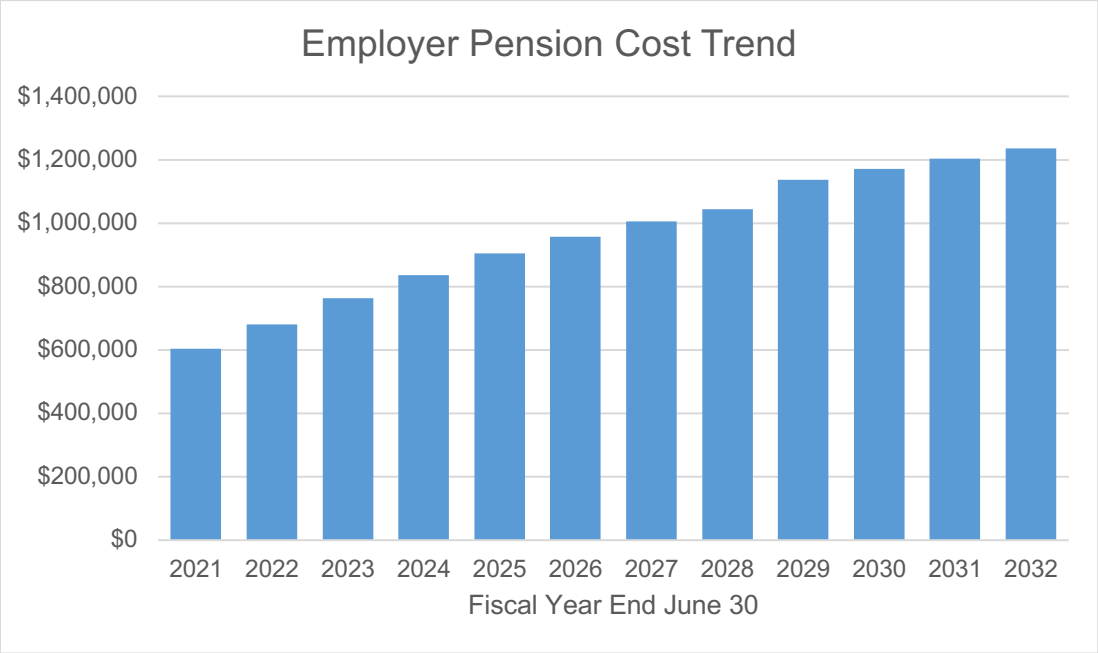

The latest CalPERS actuarial reports for the year ended June 30, 2021 established the City's normal cost contribution rates as well as the fixed dollar UAL contribution requirements for the upcoming fiscal year. The City's FY 2023/2024 contribution requirements relative to the prior year are as follows:

	Normal Cost 2022-23	Normal Cost 2023-24
Miscellaneous Tier 1	10.32%	11.84%
Miscellaneous Tier 2	8.63%	10.10%
PEPRA Miscellaneous	7.47%	7.68%
Safety Tier 1	20.64%	22.83%
Safety Tier 2	18.17%	19.95%
PEPRA Safety	12.78%	13.54%

Changes in legislation, employee workforce attrition, and volatility of CalPERS estimates (i.e., investment returns), make it challenging to predict future pension costs as well as the status of the UAL with absolute certainty. However, the following chart provides a summary of historical City-wide employer pension contributions over the past two (2) years as well as a projection for the current fiscal year still underway (FY 2022/23) and the following ten future years thereafter using employment and actuarial information known at this time. As noted previously, the unpredictability of workforce and market factors makes these future year projections subject to change prospectively.

In all, the total amount of monies in the proposed budget projected to be required to pay CalPERS retirement contributions in FY 2023/24 is approximately $836,343 across all City funds, representing an increase of $72,462 or 8.7%. The significant increase in FY2023/24 comes after a year in which the City already had a significant increase of over $80,000 in PERS costs in FY2022/23. It should be noted as well that it appears the statewide pension reform that was enacted a decade ago, PEPRA, does seem to be having an impact on reducing at least the annual "normal" cost of the City's PERS requirements. It does not, however, yet have an impact on the unfunded accrued liability which continues to increase each year. This year it represents more than 75% of the City's total PERS costs for FY2023/24. This means for every one dollar spent on employer pension contributions, 75¢ is used to address the buildup of the unfunded liability reported by CalPERS actuaries and not to address future retirement benefits of the current workforce.

Summary of Pension Analysis

The purpose of this information published annually is not to marginalize the seriousness of the unfunded pension plan debate, but to provide transparency and context to a story often sensationalized by the media. Acknowledging the importance of addressing the City's exposure to the growth of unfunded pension liabilities, several actions outlined in detail previously have been taken by the City Council, CalPERS, and the state legislature. These actions were designed to address the issue in the long run, without causing immediate and detrimental setbacks to the City's current ability to provide public services. Considering the already scarce local resources available, it is encouraging to see the City appears to be headed in the right fiscal direction on this matter. Nevertheless, prudent and regular monitoring of the City's progress will be essential to achieving sustainable and sensible budgets well into the future.

American Rescue Plan Act

On March 11, 2021, President Biden signed into law HR 1319, the American Rescue Plan Act of 2021 ("ARPA"), which provides a total of $1.9 trillion in financial assistance to individuals, businesses, and state and local government agencies to assist in the economic recovery from the COVID-19 pandemic. ARPA included a provision entitled "Coronavirus State and Local Fiscal Recovery Funds" ("SLFRF") that includes $350 billion in funding for state and local governments, of which $65 billion was dedicated to local government agencies.

ARPA provided flexibility for each government to meet local needs in four areas: 1) supporting public health in response to and economic impacts from the pandemic; 2) providing premium pay for essential workers; 3) replacing lost public sector revenues; and 4) investing in water, wastewater and broadband infrastructure; and

The City is classified as a non-entitlement unit within the provisions of SLFRF and will receive a total of $2,934,049 in federal relief funds divided into two equal payments (or "tranches") of approximately $1,467,025. The City received its first payment in July 2021 and the second in July 2022.

In the fall of 2021, the City Council embarked on a process to identify investment opportunities of the one-time ARPA funds. It approved an agreement with Management Partners to engage the community and analyze such investment opportunities for Council consideration. As a result of that outreach and analysis, the City Council has approved a series of programs related to COVID recovery.

The programs approved by the City Council included appropriating the initial tranche of $1,467,025 for the Clayton Cares program to provide relief to businesses and community members and related administrative expenses. Subsequently, in January 2022, the City Council reappropriated $242,000 of these funds to provide one-time essential worker premium pay to City employees. Additionally, in March, the City Council approved the use of $49,500 in ARPA funding to purchase and implement a 3-year license of the ClearGov budget software platform. The City Council also recently approved the creation of the American Rescue Plan Act special revenue fund (#232) to track revenues and expenditures associated with ARPA funds.

The US Treasury Department ("Treasury") is responsible for administering the provisions of the SLFRF. They issued an Interim Final Rule (IFR) on the use and reporting of SLFRF funds in May 2021, and issued their Final Ruling (FR) on January 6, 2022, the latter of which becomes effective April 1, 2022. Treasury also issued compliance and reporting guidelines on February 28, 2022 that assist local agencies in understanding the reporting requirements under the legislation.

One of the key changes that occurred in the FR is that Treasury determined that they would allow a standard revenue loss allowance for each agency of up to $10 million, rather than having to rely on the formula originally contained in the Interim Rule. Under this category, known as the "Revenue Replacement" category, any agency can stipulate to this $10 million revenue loss amount and claim up to that amount based on the funds they received. In practice, agencies that received less than $10 million (like Clayton) are allowed to report their use of ARPA funds entirely as revenue replacement to streamline reporting of the use of the funds to the Treasury Department.

By assigning the use of ARPA funds for the purpose of reporting to Treasury under this category, the City has chosen to use the funds for the provision of general government services", which the FR defines as any service normally provided by the local government. The City has been able to report use of all of its ARPA funds under this revenue replacement category based on the expenditures incurred in the City's General Fund (which well exceed the ARPA funds received in any fiscal year).

The replenishment/inflow of these one-time revenues in the General Fund has allowed the City Council to designate the resulting unanticipated surplus from these funds as a "Pandemic Recovery Reserve Fund" (Fund 111) which then captures the ultimate use of the ARPA funds. The City Council approve ARPA fund expenditures through the current fiscal year is illustrated below:

Unreserved Fund Balance (Surplus Revenue Account): The amount by which cash, accounts receivable, and other assets exceed liabilities and restricted reserves. It is akin to a "stockholders' equity" account on a corporate balance sheet. It is not, however, available for appropriation in full because a portion of the assets listed as "accounts receivable" may be taxes receivable and uncollected. (See Free Cash)

Valuation (100 Percent): The legal requirement that a community's assessed value on property must reflect its market, or full and fair cash value.

AGENDA REPORT

TO: **HONORABLE MAYOR AND COUNCIL MEMBERS**

FROM: **Larry Theis, City Engineer**

DATE: **June 20, 2023**

SUBJECT: **Adopt a Resolution to Approve the City of Clayton FY 2023-2027 Capital Improvement Plan and related FY 2023/24 CIP appropriations**

RECOMMENDATION

Adopt a Resolution to Approve the City of Clayton Fiscal Year 2023 – 2027 Capital Improvement Plan (CIP) and incorporate the proposed FY24 Capital Improvement project allocations into the Fiscal 2023-2024 Operation and Maintenance Budget.

DISCUSSION

The main purpose of developing a capital improvement plan is to plan for one-time or on-going expenditures for planned one-time capital projects to be constructed or to fund long term/continuous programs such as ADA improvements and regular paving projects. A typical five-year CIP includes the most recent past fiscal year (FY 2022-2023) to estimate the ending year balance going into the upcoming current fiscal year (FY 2023-2024) and then three more years thereafter for long term planning purposes. The intention is to bring the CIP each May/June with the overall city budget for Council approval for the upcoming fiscal year. The benefit of having a five-year CIP is that it can plan for future projects beyond the current fiscal year since it is sometimes necessary to save funds over multiple fiscal years to perform a large project and to benefit from economies of scale. The Council is still approving the capital expenditures on a year-to-year basis and the planned expenditures in future years (FY 2024/25, 2025/26, 2026/27) are for informational and planning purposes only and are subject to change in future CIPs.

Staff is currently proposing six capital improvement projects/programs for FY24 as listed below:

	Project Name	FY24 Total Budgeted Expenditure	
1.	ADA Transition Compliance Program	$185,000	
2.	Neighborhood Paving Program	$1,202,029	($705,179 from grants)
3.	Downtown Pedestrian Improvements	$387,421	($272,421 from grants)
4.	GIS Program/Database	$40,000	($40,000 from grants)
5.	Local Road Safety Plan	$56,000	($16,000 from grants)
6.	CCTA Smart Signal Upgrades	$506,813	($430,813 from grants)
	Total	**$2,377,263**	

Project numbers 1, 2, and 4 are multiyear programs and there are proposed allocations of funds in future FYs beyond 2024.

The primary on-going fund sources for the capital improvement plan are gas tax collected by the State (Highway Users Tax Account-HUTA and Roadway Maintenance and Rehabilitation Program-RMRA) and the Contra Costa Transportation Authority 1% add-on sales tax (Measure J, passed in 2004 through 2029) for transportation improvements. These are restricted funds for primarily road and transportation related improvements. The City has also been able to obtain one-time grants from the State, County, CCTA, and MTC to supplement its paving, bike/pedestrian related, park, and planning projects.

It should be noted that the City's HUTA gas tax allocation is approximately $385,000 per year. Due to deficiencies in other budgets such as streetlights and stormwater, increasingly these gas tax funds are being reallocated to cover the annual operation and maintenance costs of roadway related expenditures such that roughly 85%-90% of the annual revenue is being used on maintenance activities essentially leaving any capital improvements or roadway rehabilitation projects in the future to be funded solely out of one-time grants, RMRA, and Measure J funds.

On June 13, 2023, the Planning Commission reviewed and adopted Resolution 04-2023 finding that the projects/programs included in the FY2023-2027 CIP conform with the City of Clayton's General Plan (GP-01-2023) in accordance with Section 65401 of the California Government Code.

FISCAL IMPACT

The City Council will be authorizing proposed expenditures for capital projects/programs for Fiscal Year 2023-2024 for the following amounts in the listed fund sources:

Fund #	Fund Source	FY24 Capital Costs	FY24 O&M Costs	Total FY24
Fund 201	Gas Tax (HUTA)	$20,000	$337,199	$357,199
Fund 202	Gas Tax (RMRA)	$496,850	$30,000	$526,850
Fund 220	Measure J (CCTA)	$0	$0	$0
Fund 230	Grants (various)	$1,464,413	$0	$1,464,413
Fund 303	Capital Fund	$396,000	$12,500	$408,500
		$2,377,263	**$379,699**	**$2,756,962**

Sides of Curb Ramps

Total Project Cost: $285,000

Description

This is an ongoing program which removes barriers to accessibility in the public right of way by replacing curbs with curb ramps at crosswalks and other public roadway locations and upgrading curb ramps to current standards. The annual funding is $50,000. The City plans to combine funds from two years to proceed with larger projects for economics of scale in project costs.

Justification

This program will remove barriers to accessibility in the right of way.

Description

Perform pavement rehabilitation to elevate neighbordhood streets to a Pavement Condition Index (PCI) of 80 or greater (where PCI score of 100 is equivalent to a brand new street). Citywide public street PCI is 79 in 2022.

Justification

Roadway pavement rehabilitation work is necessary to prevent the pavement condition to fall into the "Poor" condition rating. Research has shown it would cost more to repair a roadway that deteriorated to the point where major rehabilitaiton or reconstruction is necessary.

Total Project Cost: $56,000

Description

The process of preparing a Local Roadway Safety Plan (LRSP) creates a framework to systematically identify and analyze safety problems and recommend safety improvements.

Justification

Preparing an LRSP facilitates the development of local agency partnerships and collaboration, resulting in a prioritized list of improvements and actions that can demonstrate defined needs. More and more grants are transitioning to requiring the City to have a LRSP before the City can apply for those grants. An adopted LRSP will allow the City to apply to those grants.

STAFF REPORT

TO: **HONORABLE MAYOR AND COUNCILMEMBERS**

FROM: **Bret Prebula, CITY MANAGER**

DATE: **June 20, 2023**

SUBJECT: **Adopt a Resolution Approving an Addendum to the Terms and Conditions of Employment for Clayton's Miscellaneous Employees and the Employment Agreement with Police Chief Richard McEachin.**

RECOMMENDATION

Adopt a Resolution approving the following:

1. Addendum to the existing terms and conditions of employment with the City's Undesignated Miscellaneous City Employees Unit, making changes to cost of living adjustments, employee retention, and other terms and condition including extending the agreement to June 30, 2025; and
2. Approving an employment agreement with Police Chief Richard McEachin with a term ending June 30, 2024.

BACKGROUND

The City Council has been in negotiations with the City's Undesignated Miscellaneous Employees group as the current agreement ends June 30, 2023. The City Council and undesignated employees have reached agreement on the terms and conditions of their new agreement.

Police Chief

As part of the negotiations, it was determined by both parties that it was in the best interest of the City, Police Chief, and the remaining undesignated employees if the Police Chief had his own employment agreement so his specific public safety related interests could be addressed. The agenda item creates this separation and requests approval of the Police Chief's employment agreement.

DISCUSSION

The City Council has been in negotiations with the City's Undesignated Miscellaneous Employees group and has reached an agreement with the following major terms:

- Term of the agreement- July 1, 2023-June 30, 2025
- Cost of Living Increase of 5% effective July 1, 2023
- Cost of Living Increase of (3%-5%) depending on CPI effective July 1, 2024
- 5% Non-Persable one-time retention payment for employees retained from June 1, 2023 through June 9, 2024
- Car allowances have been removed from the compensation plan

The major terms of the Police Chief's employment agreement are as follows:

- Term of the agreement- July 1, 2023-June 30, 2024
- $1,200 per year in uniform allowance
- $400 automobile allowance
- Longevity Pay percentages
- 3-month severance
- COLA increase of 4% effective July 1, 2023

FISCAL IMPACT

The cost of the agreement between the City and the City's undesignated miscellaneous employees is as follows:

- FY 2023/24 total cost inclusive of COLA, benefits, 5% retention payment, and reduction from removal of car allowance is approximately $146,000 with $79,000 of that total is related to the one-time retention payment.
- FY 2024/25 total cost inclusive of the COLA, benefits, compounded from the increase from the previous fiscal year will ultimately depend on the CPI with a minimum increase of another 3% and a maximum increase of 5%. The range of cost increases from the minimum to the maximum will be approximately $50,000 to a maximum increase of $84,000 from the FY 2023/24 adjusted totals.

Police Chief

Although the Police Chief's contract is a new approach as the Police Chief was previously part of the Miscellaneous Employee Agreement, the actual increase in cost is primarily the 4% COLA. The cost of that COLA is approximately $7,800 in FY 2023/24 (the term of the agreement ends June 30, 2024).
